

at the corner of the dirty little street, on a wet December night, came back to me, and I saw my policeman once more.

"It is you," I said, "and you have saved my child from such an awful death."

"And what did you save me and mine from?" he said, with tears in his eyes. "Starvation, ruin, utter degradation. I should have been a felon, and my dear ones paupers this night, but for you. I have not paid the debt; I never can; but when I heard that it was your child that lay at the top of that burning building, I prayed that I might save it, and I know God heard me."

"And then he told me what had brought him to the neighborhood on that night of all others in the year."

"I had lost all, for I was not insured, but he was prosperous and stood by me like a brother; nursed me through my illness, and loaned me money for a new start in life. So that in a little while things grew bright again, and here I am, you see, as comfortable as most people."

"And the policeman?" I asked.

"His hair is as white as my own now," said the old man. "And my daughter, the little one he saved that night, is married to his son."

—Many years ago the rich men of Massachusetts stole negroes from Africa, sold them to the South and made vast sums of money. The descendants of those men are now carrying the descendants of those same negroes back to Massachusetts, and are also making large sums of money out of the venture, because they are glutting the labor market and bringing down wages.

—On the 7th inst., Ben Wade, of Ohio, introduced a joint resolution in the Rump Senate, guaranteeing the Mexican loan of fifty million dollars, which was referred to the Committee on Foreign Relations. The Disunion speculators are determined to bleed the Treasury in some way or other before their faction goes by the board.

FOULTZ'S
Horse and Cattle Powders.

This preparation, long and favorably known, will thoroughly reinvigorate broken-down and low-spirited horses, by strengthening and cleansing the stomach and intestines.

It is a sure preventive of all diseases incident to this animal, such as LUNG FEVER, GLANDERS, YELLOW WATER, HEAVES, COUGHS, DISTEMPERS, FEVERS, FOUNDER, LOSS OF APPE- TITE AND VITAL ENERGY, &c. Its use improves the wind, increases the appetite, gives a smooth and glossy skin—and transforms the miserable skeleton into a fine-looking and spirited horse.

To keepers of Cows this preparation is invaluable. It increases the quantity and improves the quality of the milk. It has been proven by actual experiment to increase the quantity of milk and cream twenty per cent, and make the butter firm and sweet. In fattening cattle, it gives them an appetite, loosens their hide, and makes them thrive much faster.

In all diseases of Swine, such as Coughs, Ulcers in the Lungs, Liver, &c., this article acts as a specific. By putting from one-half a paper to a paper in a barrel of swill the above diseases will be eradicated or entirely prevented. If given in time, a certain preventive and cure for the Hog Cholera.

Price 25 Cents per Paper, or 5 Papers for \$1.
