THE SILVER SKIRT.
MORE DURABLE, MORE ELASTIC,

MORE GRACEFUL! And will keep its shape and retain its place better than any other Skirt.

Fais uswand beatiful style of Skirt (Patented slaron 7, 1865.) was awarded by the Great American institute Fair, held in New York, October, 1865, a

plated wire—in place of a cotton covering—which will not wear off or become soiled, and the whole skirt may be woshed without injury or fear of rusting, and will be as

The Combination Silver Skirt This invention combines with the ordinary Skirt the advantages or our Silver Skirt the bottom hoops are the same as those us-ed in the Silver Skirt, the covering of which cannot wear off, while the upper ones are covered with cotton. No haly having once worn one of our Skirts, will be willing to wear any other, as the lower hoops of all other kinds are soon injured and soileed. The cost uniterials are used in their con-

struction, and, from their durability and numbers bey are destined to become a Payorite Skirt.

BEALE'S

(LATE POWELL'S) EMBROCATION!
FOR ALL DISEASES INCIDENT TO
Horses, Cattle and the Human Flesh,
requiring the use of an external application. This new Compound, prepared by a practical Chemist having a full knowledge of all the medical victues of each ingredient that enters into its composition, is warran-ted to exceed anything of the kind yet of-fered to the public as an external applica-tion for the diseases for which it is recom-mended. We are satisfied that it will work its own road into the confidence of all who ise it, and those who try it once will never be without it, and therefore we rely on experience as the best test of its usefulness, it is procounced by Farriers, and all who have tried it to be the best application ever used. This Embrocation has been put up for over eight years, and it is only through the increasing demand and argent request of my friends and the Pablic that I send it forth as the grand remodul agent for the various disenses to which that noble and useful rubbal, the HOUSE, is subject. Many remedies have been offered to the Public under different forms, some of these

are injurious, others at best of little use, and many wholly hapreper to answer the purposes for which they are recommended. A justiciaus and really useful composition free from those objectious, has therefore long been desired by many gentlemen who have valuable horses, and are unwilling to trust them to the care of designing and profitabling Fauriers. Their wishes are a length fully gratified, by Dr. Beale being prevalled apon to allow this valuable Embrecation (which has proved so effections to the various diseases) to be prepared and brought out to the public.

by the Government during the war. Address all orders to DR. EDMOND BUALE, 662, South Second St. Phil's. her For Sale by Bardwell & Messenger,

This embrocation was extensively used

FITHE MOST RELIABLE CUSHION used on Billiard Tables is the CAT-GUT CUSHION,

patented Dec 18, 1866. (See Scientific American, volume 10, number 11.)

It is the ONLY Cushion that possesses all the qualities assemial to a perfect Cushion. It is the most classic and most durable Cushion ever offered to the billiard-playing public, as is abundantly proven by the great demand for it since its introduction. The peculiarity which distinguishes the CAT GUT Cushion and senders it superior to all others, is the tightened eard of catgut which overlies the face and edge of the rubber, and running the full length of the Cushion, which prevents the ball from bed-ding into the rubber and jumping from the table. The addition of the cat-gut cord
