AUDITOR,

C. A. WILCOX, of Horton twp.

COMMITTEEMEN, TO WORK!

The member of the Democratic county committee is expected and required to organize his township or borough. He is to appoint a Vigilance Committee of one or two persons in each school district—keep a list of voters, attend to naturalization, assessment, distributing documents, getting up meetings, preparing and bringing out a full vote on election day, furnishing tickets, &c.—The vigilance committee is to assist the Chairman in all these duties. He must have a list of the voters in his school district, and see that every man who can be induced to vote the white man's ticket is at the polls.

The Radicals are quietly organizing in a similar manner, and hope to be benefitted by their own activity, and the apathy of the Democrats. Where members of any committee are unable, from any cause, to discharge their duties, they should resign and have others appointed. All active and intelligent Democrats should assist the Committees, and help swell the majority. Be active—be diligent, and at the same time prudent and cautious in presence of the enemy. Be "wise as serpents and harmless as doves."

"UP GUARDS AND AT THEM!"

**ATTENTION DEMOCRATS!**—We hope our friends will give the Assessor's List, which is now posted up in every election district in the county, a thorough examination, and see whether their own names are on it, as well as those of their neighbors. Let no one be so foolish as to lose his vote through neglecting so simple a remedy. When the name of a voter is not found on the list, go to the Assessor at once and have it put on, unless you possess a receipt for paying taxes assessed within two years.

**BE AT HOME.**—Democrats, make your business arrangements to be at home on election day. No man for any trivial cause should be absent from the polls on the 13th of October. Vigilance Committees, and active Democrats, look after young men, and those who are careless about voting. See that the Radicals do not send such men off on a wild goose chase, to keep them from voting.

If you want a man in Congress who will help to restore the country to its pristine glory, vote for Judge Brown. He will do all he can to accomplish it.

## DISFRANCHISED.

Who is? Every man in New York, Pennsylvania, Ohio, Indiana, Michigan, or any other State who is opposed to recognizing the negroes an equal of the white man, and moves into Arkansas or some other carpet bag State, where it is made a qualification for voting that the elector shall declare himself in favor of the civil and political equality of all men. There are thousands of men in each of the great States above named, who, though acting with the republican party, have voted against negro suffrage in their own State. All such men are disfranchised under the process of forcing the negro up and the white man down, which has been resorted to in the South by the reconstructionists. How it works will appear in a most striking light by the following:

SCENE: A Union soldier, who has moved to Arkansas, and bought a farm there, wants to register under the provision of the reconstruction constitution, which says: "The General Assembly, at its first session, shall provide suitable laws for the registration of electors."—[Art. V, sec. 22.]

Register—What is your name?  
Soldier—John Smith.

R.—Age?  
S.—Twenty-five.

R.—Native or naturalized?  
S.—Born in New York.

R.—Ever given aid or comfort to the rebellion?  
S.—No! I served in the Union army from Bull Run to Appomattox.

R.—Can you take and subscribe to the registration oath?  
S.—What is it?

R.—I, John Smith, do here solemnly swear that I will support and maintain the Constitution and laws of the United States, and the Constitution and laws of the State of Arkansas; that I am not excluded from registering or voting by any clause in the first, second, third, or fourth subdivisions of Article VIII of the Constitution of the State of Arkansas; that I will never countenance or aid in the secession of this State from the United States; that I accept the civil and political equality of all men, and agree not to attempt to deprive any person or persons, on account of race, color, or previous condition, of any political or civil right, privilege, or immunity enjoyed by any other class of men; and furthermore, that I will not in any way injure, or countenance in others any attempt to injure any person or persons on account of past or present support of the Government of the United States, or the political and civil equality of all men, or for affiliation with any political party.

S.—I can't take that oath. I don't believe in any such equality at all. I am better than a nigger, and so were my father and mother before me. I demand, sir, to be registered here as a loyal citizen of the United States, and an ex soldier in the Union army.

R.—Can't help it. That's the registration oath, and if you don't take it you can't vote, hold office, or sit on a jury in Arkansas. It's in the constitution, and Congress has approved it.

S.—D—n such a constitution, and D—n Congress, too. If this is the ticket that Grant is running on, he can't have my vote. [Exit, disfranchised.]

## THE DEBT INCREASING.

If they had done nothing else that demanded the condemnation of the people, the Radicals ought to be turned out of power for increasing the public debt in time of profound peace. The official monthly report of Secretary McCullough shows that the public debt increased twelve millions of dollars during the month of August just past. This is at the rate of one hundred and forty millions per annum. If we give the Radicals another lease of power and they increase the debt at the same rate every year, we shall have five hundred and seventy-six millions of dollars added to the public debt during the next Presidential term.

This increase of debt would render increased taxation necessary, in order to avoid repudiation. Now is it possible for the people to stand an increase of taxation? Are they not already taxed to the farthest limit of endurance? These are questions which the people can answer for themselves. They ought to consider well before they answer through the ballot-box, for their answer will stand for four years. They may rue it before three months but there will be no taking it back.

It behooves the people of Clearfield county especially to consider well this matter of debt and taxation. After all they have lost in the last six years, they can poorly afford to pay the taxes levied on them at present. Can they afford to have their taxes increased? They can; but even if they could they ought not to consent to it when they know that the money is wasted on worthless negroes in the South.—*Clearfield Republican.*

## THE WAR OF RACES BEGUN.

**Terrible Riot—An Armed Mob of Four Hundred Negroes and Carpet-baggers Attack the Town of Camilla, Georgia—Seventy-five Persons Killed and Wounded.**

AUGUSTA, Sept. 21.—A fearful riot is reported to have occurred at Camilla, the county seat of Mitchell county, Georgia, last Saturday. The following are all the particulars received which were telegraphed from Bainbridge, which is twenty nine miles from the scene of the reported riot. It states that Mr. Pierce, the Radical candidate for Congress, and Mr. Murphy, an ex-Bureau agent, with about three hundred negroes, armed and equipped, started on Friday for Camilla, with three weeks' rations and boxes of new arms and accoutrements, their intention being, it is said to overawe the citizens and kill the leading Democrats of the town and vicinity. Before they started a friendly negro exposed their plans, and a negro courier was dispatched to Camilla to inform the citizens of what was going on. A deputation of three prominent citizens met the mob at China Church, five miles from the town. The Governor's proclamation disarming and forbidding armed organizations was read. The mob paid no attention, and determined to march on the town and kill such as they choose. Thrice more the deputation remonstrated, entreating the negroes to come in without arms, and they should not be molested. Their efforts were fruitless to dissuade the negroes, and the mob marched into town, with banners flying and drums beating. They numbered nearly four hundred, having been joined by others on the route. The mob halted and clamored for the blood of a man named John Johns, in company with Dr. Twitty, presented himself with a hundred guns were presented at them. The former, being intoxicated, fired, and the riot commenced, the mob firing at every one they could see. The citizens, white and colored, rallied, gathering about fifty stand of arms.—The mob was vigorously attacked and driven back, beating a hasty retreat, which spread into a panic. The negroes were pursued 5 miles, losing 35 killed and many wounded, the total loss, as far as ascertained, being seventy-five to one hundred in killed and wounded. Owing to the panic among the mob, only five whites were severely wounded. The colored citizens of Camilla are reported to have rallied promptly with the whites in defeating the mob, whose stores and munitions were captured. At last reports Camilla was quiet.

The news of this riot has caused some excitement. It is known that the negroes are armed throughout the State, but the whites have no serious fears of disturbances if the negroes are not precipitated into riots through violent appeals to their passions.

The work goes bravely on. In addition to the long list of meetings held under the immediate auspices of the State Committee, the local canvasses ordered by that committee are vigorous, prosecuted in every locality. There is scarcely a county in the State in which its orators are not upon the stump, arousing the people to the vital importance of the pending issue. In glancing at the newspapers of the different localities, we see twenty-two meetings advertised in Venango County, nineteen in Northumberland County, ten in Franklin County, fifteen in Chester County, nine in Indiana County, thirteen in Beaver County, seventeen in Cambria County, eleven in Butler County, sixteen in Fayette County, nineteen in Cumberland County, eleven in Fulton County, twenty-two in Armstrong, and corresponding numbers in many others. This is the effective way to reach the people, and must tell upon the result.—*Age.*

—When Thaddeus Stevens—the author of the reconstruction measures—declared that they were contrary to, and outside of the Constitution, how ridiculous and absurd it is for the Radical speakers, at their little meetings, in this county, to spend their breath in trying to prove that they are Constitutional and valid.

—If a Southern man happens at any time to knock over a noisy insulting nigger, the Jacobin papers at once take it up and make a great deal of talk about rebellion, riots, and oppression of the poor blacks; but if an armed body of negroes go traveling about the country, as in Georgia, murdering and plundering whomever they meet the Jacobins at once pronounce the reports of the same a copperhead lie. It is too bad something cannot be done to please these Radical prints. They are driven to desperation, and unless a riot is gotten up in the South, their cause is certainly lost. They are sadly in need of "rebel outrages," and some of their managers would pay a good price for some of them furnished immediately. Let them be bloody and of the Ku Klux order.

The National Debt is computed to be Twenty-Six Hundred Millions of Dollars. In 1860 it was only Seventy Millions of Dollars. So much for eight years of Radical rule. Can the people afford to longer retain them?

A CARD.—A Clergyman, while residing in South America as a missionary, discovered a safe and simple remedy for the cure of Nervous and Mental Disorders, and the whole train of disorders brought on by baneful and vicious habits. Great numbers have been cured by this noble remedy. Prompted by a desire to benefit the afflicted and unfortunate, I will send the recipe for preparing and using this medicine, in a sealed envelope, to any one who needs it, FREE OF CHARGE. Address, JOSEPH T. INMAN, Station D, Bible House, New York City.

—They made her a grave too cold and damp for a soul so honest and true. If they had been wise, the dire necessity of opening a grave for one so lovingly might have been averted. Plantation boys, if timely used, are sure to rescue the young and lovely, the middle aged, and the old, from confirmed sickness. Almost all diseases have their beginning in some slight difficulty of the Stomach, which would eventuate in Dyspepsia, Headache, Liver Complaints, Night sweats, Consumption, Death. Plantation Bitters will prevent these premonitory symptoms, and keep the blood pure and the health good. While they invigorate the system, they enliven the mind.

MAGNOLIA WATER—A delightful toilet article—superior to cologne, and at half the price.

A NEW REMEDY IN CONSUMPTION.—A Physician who had Consumption for several years, with frequent bleedings of the lungs, cured himself with medicine unknown to the profession, when his case appeared hopeless. He is the only physician who has used it in his own person, or who has any knowledge of its virtues; and he can ascribe the degree of health he now enjoys to nothing but the use of his medicine; and nothing but utter despair and entire extinction of all hope of recovery, together with a want of confidence in all others induced him to hazard the experiment. To those suffering with any disease of the lungs he proffers a treatment he confidently believes will eradicate the disease. Price \$1.50 per bottle, or \$3 a half dozen, sent by express. Send for a circular or call on DR. E. BOYDSTON JACKSON, No. 250, North Tenth Street, Philadelphia, Pa. [May 30, 68.]

STRANGE TESTIMONY from the "Constitutional Union," Washington, D. C.

HOOGLAND'S GERMAN BITTERS.—Under this caption, we would call the attention of our readers to a highly scientific preparation, the merits of which have been attested by hundreds of our most intelligent citizens. It has acquired a reputation over the whole country as the best tonic known, and for dyspepsia, and all other diseases arising from a disordered stomach, it has no equal. It contains no alcoholic spirits of any kind, but is purely vegetable in its character; and we can fully vouch for its curative properties, having used it ourselves.

"HooGLAND'S GERMAN BITTERS" contains no liquor of any description.

HOOGLAND'S GERMAN TONIC.—Is a combination of all the ingredients of the Bitters, with pure Santa Cruz Rum, orange, sassa, &c., making a preparation of rare medicinal value. The Tonic is used for the same diseases as the Bitters, in cases where some Alcoholic Stimulant is required.

Principal Office, 431 Arch St., Phila., Pa. Sold everywhere by Druggists and others.

WILMARTH, PA., August 25th 1868.

HENRY OISSTON:—Dear Sir—The 72 inch saw which I sent you in May for repair has proved itself (since rebuilt by you) to be as good as new. Before sending it to you I had sent it to the original makers (Hubbard, Brothers & Co., Pittsburgh) who returned it to me accompanied with a heavy bill of repairs, but not improved in the least. I concluded that the saw never could be made to run and that I would have to replace it with a new one,—at the urgent request of my head sawyer, I sent it to you. After being returned to me with your improved shaped teeth I cut on it almost 400,000 feet of boards, with one re-gumming, and it has not been accidentally run into a piece of steel, breaking half an inch off one tooth.—I then put your improved gummer (or chambering machine) upon the saw, and in three hours put the teeth in the same condition they were when first gummmed out.

Yours truly,  
FRED WILMARTH.
