The Cambria Iron company of Johnstown, has begun the erection of a steel mill that is to cost \$1,000,000. If this report is correct, it will give Johnstown a boom that will be the making of the city, and will add several thousands more to its population.

On account of the hard times, so many children have been abandoned on the streets of Chicago, by their parents, within the past weeks that all homes, asylums and hospitals are filled, and charitable societies being unable to care for them, have left some to their fate.

From Philadelphia comes the news that General Master Workman Sovereign of the K. of L., when on a visit to Hazleton, Pa., last week, fell sick in that city while on a business trip in the interests of the order, of which he is the head, and was compelled to return to Philadelphia at once.

Last Sunday night in Denver, two men attempted to hold up an electric car, but failed in their attempt. One of the men smashed the head light and then made a dash for the motorman, who drew a revolver and fired at him. The motorman then quickly turned on the full current and soon left the robbers behind. It has become a very ordinary thing for highwaymen to hold up passenger trains, but this is the first attempt that we have had heard of, in which they attempted to rob a street car. We presume, however, that the business has received a back seat on account people in these days not carrying much money when traveling, and this has forced train robbers to holding up street cars.

At the lighting of a Christmas tree in New York on January 1 Mrs. Ella Ahlbergh and her baby lost their lives. Mrs. Ahlbergh and her husband lived on fourth floor of a five house and on the first of the year they lighted the Christmas tree, which had been in a warm room for a week and had become very dry, no sooner was the match touched to the wax candles than the whole tree was in a blaze. Mrs. Ahlbergh, tried to extinguish the flames, and the light clothing she wore at the time caught fire and in a few seconds she was enveloped in flames. In her agony she rushed to the window and before her husband, who was coming to the rescue, could prevent her, she threw herself out of the fourth story window, and crushed her baby which she had in her arms to death, and herself received wounds that will prove fatal.
