

# GRAND OPENING

Of the Magnificent Store of

# KOLLER & CO.

The public is most cordially invited to inspect our elegant line of clothing which has been proven by our past and long experience to be the best in the land, not only in the quality of the cloth, but moreso in the make of it. Our long experience has taught us where to buy the best made Clothing. Goods that we can frankly and honestly offer the public and warrant them to be worth to the purchaser a hundred cts. on the dollar, not only in the wear and tear of it, but in looks. Come and be convinced for yourself the correctness of our claim. We expect to have your patronage, because we have the best made goods for the least money and we guarantee satisfaction or Money refunded.

Our clothing is made up in the latest fashion which will do credit to anyone who is wearing our goods, and they will fully equal the best artistic Hand-Made clothing in the land. Come in and see our prices. A Black Corkscrew Suit, warranted fast black, for only \$6.50, worth anywhere else \$10 and \$12. A fine Double Braasted Suit, strictly wool and hand made for \$8, and our \$10 and \$12 line surpasses all others at \$16 and \$18 in quality and make-up.

## PANTS.

We have a few words to say in behalf of our full line Pants. You would not need to be panting for pantaloons after a thorough examination of our line of Pants. You certainly will pant for breath when you find out our prices. They are nobby, look well and certainly add credit to anyone wearing them. A good everyday working pant, something that will do any wage earner more good than a bushel of oats, for the small sum of 65 cts. A good and heavy Kentucky Jean, warranted not to rip, for 75 cts., and when you go a little farther you will find wonders in the line of \$1. They fully equal any Pants sold for 25 and 30 cts. and would not be surprised to a look at our \$2 and \$4 line, they are certainly a credit to anyone. You will be surprised and you will wonder and you will ask yourself the question, how can such fine goods be made up for so little money? We have asked the same question, after paying dearly for the answer and which many a merchant is still pondering away at this conundrum, we explain it to you in a few simple words. The success of a business is more depending on the ability of its buyers than to its sellers and the most important point some of the business people are overlooked is by their inability to buy for CASH. We buy the best of goods for the least money because we pay CASH for our goods and this we freely and willingly offer to the citizens of Patton and vicinity without the least restraint upon our part to discriminate against anyone. Everybody is welcome and everybody will be treated alike. ONE PRICE FOR ALL and FAIR DEALINGS with Everyone.

## OUR CHILD and YOUTH DEPARTMENT

would make many a young man's eyes water to see how nicely they are made up and how much pains we have taken to secure THE VERY BEST MAKE for our customers. There is no "hand-medown" there. They are a pleasure to look at. Look at our window display and you will learn what splendid opportunities we are offering to the purchaser to save money and get the very best the market can afford for as little money as the inventive ability of modern age can produce. Just think, a young man's suit from 4 to 14 for \$1.25, double or single breasted for \$1.50. These goods are made up in the best and latest styles and the most durable cloth. Our \$2.50, \$3, \$4 and \$5 lines need no description, they talk for themselves and we are sure you will corroborate their expression that they are the best you have ever seen in the largest cities for prices double what they are marked at Wm. Koller & Co.'s. Come and look them over.

## GENTS FURNISHING.

Just a peep at our Gents' Furnishing line will convince you that we mean business. What a beautiful line in PICKAY'S LAUNDRED Collars and Cuffs, attachable and detachable as your will in 65 different patterns to select from. You have always paid \$1.50 and \$1.25 for goods not their equal in quality and design. But we can sell you the same shirt for \$1 and no one can afford to go without them.

## NECKWEAR.

It would do you good to have a look at our Neckwear. If you don't see it in the window call in and we will be pleased to show you even if you don't intend to buy. Our 25 and 50c line are beyond even our own expectations and they sell at SIGHT. Try one of them and be convinced that they are the best you ever saw. We take pleasure in showing goods. Fair treatment guaranteed to everyone.

## SHOES! SHOES! SHOES!

Our Shoe line is certainly the finest in the land, you can get anything you want at our store. Corns are no more mentioned where they are. We have Shoes that will be a comfort and a pleasure to you instead of producing those horrid corns. You will gain 5 pounds every day out of the pleasure and the comfort our shoes will make you. Our \$1.10 shoes is really a wonder of the age and our \$1.50 shoes are superior to those sold elsewhere at \$2.50. Our Kangaroo Shoe is the best and easiest made and hand sewed. Our Ladies' Shoes are needless of description. All styles, all sizes and all widths to suit everyone. Our Men's, Children's and Youth's Shoes are the best for wear and comfort and nearly half of the price you have been accustomed to pay. Come in and have a look at them.

## Patton Courier.

PATTON PUBLISHING CO., Proprietors.

THURSDAY, MARCH 15, 1894.

Entered at the Postoffice at Patton as second-class mail matter.

### NEWSPAPER LAW DECISIONS.

1. Subscribers who do not give express notice to the contrary are considered as wishing to renew their subscriptions.
2. If subscribers order the discontinuance of their periodicals, the publisher may continue to send them until all arrears are paid.
3. If subscribers neglect or refuse to take their periodicals from the postoffice to which they are directed, they are responsible until they have settled their bills and ordered them discontinued.
4. If subscribers move to other places without informing the publishers, and the papers are sent to the former address, they are held responsible.
5. The Courts have decided that refusing to take periodicals from the office or removing and leaving them uncollected, is prima facie evidence of intentional fraud.
6. If subscribers pay in advance they are bound to give notice at the end of the time if they do not wish to continue taking it; otherwise the publishers is authorized to send it and the subscriber will be responsible until an express notice, with payment of all arrears, is sent to the publisher.

### POSSIBLY SINGLERLY.

Nothing was ever easier to guess out than who is to be the next Republican nominee for governor. Every person who has taken occasion to speak of it for weeks past has said "Hastings will be nominated on first ballot." Neither Quay nor any other leader expects a vindication, and they would not get it so soon after the Delamater experience if they did. This time it will be the popular choice that will win. The Democratic leaders or followers have not been so sanguine; the choice of a candidate being somewhat a matter of expediency. Wallace is not mentioned. His old antagonists rule the roost; Patton is not dictating because he does not have the worshipful following which he had about this time four years ago. The Philadelphia Times seems to have hit on about the right thing by proposing Col. Wm. M. Singlerly, publisher of the Philadelphia Record, Col. Singlerly tried to render his party in the State distinguished service recently by harmonizing factions; and he has been successful enough in winning for The Record a place among the few leaders of the free trade papers of the North to entitle him to the honor proposed. The Times takes the initiative as follows:

"The communication given in another column recommending that Peace Commissioner Singlerly be placed at the head of the Democratic ticket for Governor, comes from one of the old stalwart Democrats of the interior of the State, who means exactly what he says, and there is both logic and good politics in his suggestions. If the Democratic party is to be united in the contest for Governor next fall, who

could so thoroughly unite them as the man who has led in the great work of pacification?"

"It is doubtless true that Peace Commissioner Singlerly would not want to be bothered with the Governorship. He might easily be persuaded to take a liberal hand in the campaign for somebody else, but the last candidate he would want to make the battle for would be himself. It is not for pacificators however, to determine for themselves where and how they shall fight their great battles, and Peace Commissioner Singlerly is not an exception to the rule. He is an enthusiast in all he does, and will not only make a most enthusiastic candidate, but will infuse his enthusiasm throughout the party. Let us have the Democratic pacificator as the candidate for Governor."

### BAD FOR JOHNSTOWN.

The press dispatches published in Monday's city paper gave what purported to be an authoritative statement from Congressman Thos. L. Johnson, of the Twenty-first district, Ohio, setting forth the fact that he proposed to remove his steel works at Johnstown to Cleveland. Mr. Johnson, it will be remembered is one of the Democratic congressmen who were heard recently in defense of the Wilson bill, which proposes to whittle away the protective tariff, which most of the iron manufacturers object to. Mr. Johnson proposes to give his plant at Cleveland a capacity for employing 3,000 men. That will be some larger than the present enterprise, yet the city of Johnstown cannot well afford the loss. The county, in fact, does not want to see any of its industrial enterprises go to increase the population of and enrich some distant city. Press dispatches are sometimes wrong, and the one referred to here may be of that kind. The COURIER hopes it may be contradicted, but does not expect it. The COURIER figures on the earning capacity of the Johnstown mill, but upon conservative estimate would put it at \$50,000 a month. The men employed there would alone build quite a town. They make a market yearly for thousands of dollars worth of Cambria county farm products, they patronize all dealers in the necessities and comforts of life, pay taxes, vote and are identified as good citizens with the progressive interests of the city and county.

CONGRESSMAN BRUCKENRIDGE, of Kentucky, is gaining notoriety which statesmen who associate with him do not covet. He had better have settled with Madeline Pollard outside of the courts.

### IN VOGUE MANY YEARS.

At the February election the electors of Clearfield county voted for a county almshouse by a majority of about 2,000, and such an institution will be established before very long. Parties are already making calculations on submitting plans and figures, and the contractor understands a contractor and builder who has some interest in the prospective plant proposes to get points by visiting the Cambria county almshouse. Cambria county's almshouse was originally built about forty years ago, and would, therefore, not be considered up to date. But it was completely remodeled four years ago and is kept in good repair by attention yearly. With all that, it perhaps cannot be rightly considered to represent the latest ideas in the construction of such institutions. The old arrangements and plans are in some measure still intact and the science of architecture, with methods for light, ventilation, heat and sanitation have been constantly advancing.

Greensburg is the location of Westmoreland county's house and farm and the buildings were put up about seven years ago, after those first built were destroyed by fire. That property has points which it would be well to observe when another of about the same capacity is needed in some nearby county.

THE MOUNTAINEER and Freeman, of Ebensburg, are entertaining the public with a rough-and-tumble "scrap."

THE FARMERS of the vicinity will find the Patton merchants alive and prepared to supply their wants. A better lot of stores are not to be found in the county outside of Johnstown.

### NOTICE.

### For the Widow Bride.

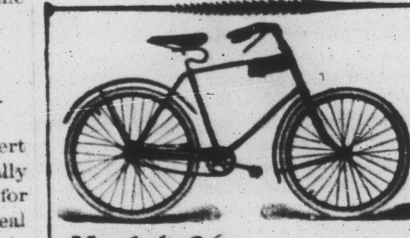

A wedding dress for a widow bride would be one of silver-gray bengaline with a coat basque of silver-gray brocade. The waistcoat might be of rose-ade. The waistcoat overlaid with coarse white lace; the bonnet of white lace with some pale pink roses in front, a silver-gray agrette and ties of silver-gray velvet.—February Ladies' Home Journal.

We have seen quite a number of watch chains about town ornamented with a neat, little charm in the shape of a watch case opener, which obviates the use of a knife or finger-nail to open the watch. We have just received one, and would advise you to send for one, too. They are sent free on request by the Keystone Watch Case Company, of Philadelphia, Pa., the largest watch case manufacturing concern in the world. They are the makers of the celebrated Jas. Boss cases, the only filled cases which are fitted with the world-famed Non-pull-out bow ring. The Company does not sell at retail, but its goods are sold by our local jewelers.

Replying to the queating, "Do hogs pay?" an editor argues that they do not, and names one who owes him for seven years' subscription.

It takes \$5 to run a newspaper—\$5 for news, \$5 for paper, \$5 for labor, and \$5 for many other things. See in your subscription.—EX.

The reason why so many die with throat and lung disease, is because they neglect to doctor the symptoms in the first stages. If you have a cold or cough stop it, every time you cough irritates the affected parts and opens wider the passage for the disease to spread. Cribbs German Cough Syrup, discovered by a famous German physician, will stop the cough and cure the affected parts and will do it quickly.
