PATTON PUBLISHING CO., Proprietors.
THURSDAY, JANUARY 31, 1895.

NEWSPAPER LAW DECISIONS

1. Subscribers who do not give express notice to the contrary are considered as wishing to renew their subscriptions.
2. If subscribers order the discontinuance of their periodicals, the publisher may continue to send them until all arrearages are paid.
3. If subscribers neglect or refuse to take their periodicals from the postoffice in which they are directed, they are responsible until they have settled their bills and ordered them discontinued.
4. If subscribers move to other places without informing the publishers, and the papers are sent to the former address, they are held responsible.
5. The Courts have decided that refusing to take periodicals from the office or removing and leaving them uncollected for, is prima facie evidence of intentional fraud.
6. If subscribers pay in advance they are bound to give notice at the end of the time if they do not wish to continue taking it; otherwise the publisher is authorized to send it and the subscriber will be responsible until an express notice, with payment of all arrearages, is sent to the publisher.

A Song of Peace.

Oh, the country is sweet!
An' the water pipes is fresh!
Leastways that's what we read in the
Times.
An' I wish that we were lucky
Nough to live in old Kentucky,
Where they don't have water pipes!

Oh, the weather, it's a hummer
For the folks called the pioneer!
The happiest chap beneath the Stars an'
Stripes.
An' I wish that we was goin'
Where Kentucky still is flowin'
An' they don't have water pipes!

Don't think the weather orter
Leave a feller dry for water,
It's froze on all the middle an' the culpee.
An' I wish that we was lucky
Nough to live in old Kentucky,
Where they don't have water pipes!

Have You

A Rival?

The people have long since come to the conclusion that the loud claims of the average Sewing Machine agent, about the superiority of the \$40 to \$60 Machines over the kind we sell, are the most absurd.

When we first introduced the Rival Sewing Machine into this section, there were grave doubts as to our ability to do as we claimed to do—sell a first-class, fully-equipped and guaranteed Machine at about half the prices charged by regular Sewing Machine dealers. Buying Sewing Machines at dry goods prices was new and novel to the people, but they've displayed their intelligence by coming here in liberal numbers and securing a Rival for their home use.
