**GOOD FIRE PROTECTION.**  
During the fire on Thursday morning a fair test was made of the water from the reservoir of the Patton Water company, which proved that when there is any water at all in it, that a big fire, with the assistance of the Patton Fire company and their appliance, will stand no show whatever. It is a fact that the water will become extinct not only in Patton, but in all other places during dry weather, which cannot be avoided when the supply comes from a natural source without artificial assistance.

The COURIER is pleased to announce that in a very short time such a disadvantage will not be experienced by the citizens of Patton and in the future we will have the best fire protection of any town in this part of the country. As was announced before in the COURIER the Patton Water company is at work putting in a pump station and will have an abundant supply to fall back on should the natural supply become exhausted during the drouths. They have a large well put down and the machinery consisting of a large boiler and duplex pump with a capacity of 350,000 gallons per day which will be put in operation in a few days. Several large natural springs of cold clear water have been discovered and developed and their course is being run into the well, besides its already large supply from underground. It will not be long until the water main will be extended to all parts of town and plugs placed and then Patton will never need to complain of poor fire protection.

**THE INSIDIOUS CIGARETTE.**  
In speaking of the deceitfulness of the horrid cigarettes the Pittsburg Chronicle Telegraph says:  
"The good people who have for years been engaged in a battle with the deadly cigarette must feel disheartened when they read the statistics relating to the trade. Notwithstanding the warnings of doctors and the enactment of legislatures, the little white cylinder pushes its insidious way under the noses of increasing numbers every year. More than three and a third thousand millions (to be exact, 3,333,845,580) of cigarettes were sold during the past fiscal year, and the consumption shows an increase which is almost startling. The profits in the business must also be very tempting, for two of the largest manufacturers outside the trust are making preparations to build a plant with a capacity of 12,500,000 cigarettes a day. It would appear from additional points on the tobacco trade that all lovers of the weed are not surrendering to the paper imitation, and the inference is that the devotees of the latter are recruited from the callow youth who never enjoyed the solace of a Henry Clay cigar or even a Pittsburg toby. The production of cigars during the year was 4,130,440,379, an increase of 63,000,000 over the previous year, while the output of smoking tobacco shows that the popularity of the pipe is fully maintained."  
"The student of human nature would find it an interesting question to determine whether the consumption of cigarettes would ever have reached its present magnitude if there had been less conspicuous opposition to the habit. Will opposition to the bicycle costumes of the new woman have a similar effect on the latter?"

Children, especially infants, are soon run down with cholera infantum or "summer complaint." Don't wait to determine, but give DeWitt's Colic and Cholera Cure promptly, you can rely on it. Use no other. C. W. Hodgkins.

**Public Auction.**

## EBENSBURG.

EBENSBURG, Pa., August 20, 1895.  
The Democratic convention will be held here on Monday next.  
Don't forget the Ebensburg fair next week. A balloon ascension will be one of the chief attractions.

J. B. Wilber has remodeled his new store room and dwelling and will move his goods therein this week.  
James Kirkpatrick, of Spangler, was among the visitors to Ebensburg yesterday.

William Stratiff, of Patton made a business trip to Ebensburg on Tuesday.  
Archbishop Ryan, of Philadelphia, spent a few days last week in Ebensburg and on Thursday morning lectured in the Catholic church in this place. While here he was a guest at the Lloyd house.

Miss Annie Buck, of Carrolltown, spent Sunday with friends in this place.  
Ebensburg was disappointed on Saturday as the nine of this place was to play against a nine from Altoona, but the Altoona nine failed to put in an appearance.

Mrs. L. A. Craver, accompanied by her son Willie, and her nephew, Gus Hertzog, spent Monday at her father's, A. Holt, of Carroll township.  
Mr. and Mrs. W. I. Stineman, of South Fork, spent Sunday with Mrs. Stineman's parents, Mr. and Mrs. Ed. James, of this place.

Reduced Rates to Boston, Mass.  
From August 23 to 26, inclusive, the Pennsylvania Railroad company will sell excursion tickets to Boston, Mass., going and returning by the same route, at a single fair for the round trip, account Twenty-sixth Triennial Conclave of Knights of Templar, to be held in Boston August 26 to 30. The tickets will be good to return leaving Boston not later than September 10, and must be used to destination on Pennsylvania railroad not later than midnight of September 11. Excursion tickets, good going via one route and returning via another, will be sold on the same dates at a slight advance over the one-fair rate for the round trip.

**Teachers' Institutes.**  
The department of public instruction has furnished the city and county superintendents of schools in Pennsylvania with a list of annual county teachers' institutes for 1895. The dates of Cameron and Jefferson county institutes have not yet been fixed.  
Among those for Western Pennsylvania are Bedford, at Bedford, December 16; Blair, at Hollidaysburg, December 16; Cambria, at Ebensburg, November 25; Centre, at Bellefonte, December 16; Huntingdon, at Huntingdon, November 11; Indiana, at Indiana, December 23; Somerset, at Somerset, November 25; Westmoreland, at Greensburg, December 16.

**Apples Will Be Plentiful.**  
"There are more apples to be seen in the north of the county than in the southern townships," remarked a gentleman who has plenty of opportunity for observation. "There is an orchard on a high hill on the road from St. Augustine to Patton that is loaded with an average crop of large, luscious apples, of which there will probably be five hundred bushels; but elsewhere the crop is below the average, and the fruit, generally is small."—South Fork Record.

**Another Railroad.**  
Work was commenced last Monday morning on the new railroad extending from Altoona to Phillipsburg, which is to be known as the Altoona and Phillipsburg railroad. The new line will intersect at Phillipsburg with the Beech Creek railroad, which extends by connections with the Reading roads to Philadelphia.
