Finally Cleveland stopped meeting the frisky Watterson's ultimatums, and their ability to do this without delay.

When our iron and steel products once gain a firm foothold in foreign markets, they will soon be followed by troops of other American manufactures, and the United States will take its destined place as the commercial head of the nations.—Now York Herald.

BILL NYE'S FARCE.

Collaborating With Paul Potter—Playwriting in Prisons.

Bill Nye is going to try again to utilize his humor in a farce. His first attempt was an utter failure. He talked the other day about the second, which has taken the form of "A Stag Party" and is in rehearsal for early production. It is a collaboration with Paul Potter—"Sometimes I fancy," said Mr. Nye, "that Potter looks upon humor as a sort of literary varnish that can be applied with a try of the related the charge, and the other Kentuckian tilted them again. After the center of the labe had been sided high with blue of the large, and wherever it is table had been sided high with blue of the raise was any wherever it is the beginning of the rebellion and everybody knew he had either three Georgia company, from Screven, was armed at the beginning of the rebellion have placed high a uption to do of pikes for ablust. Watterson have placed high with a up for Georgia conpany, of Georgia conpany, of Georgia company of Georgia company of Georgia company and the planes at the beginning of the rebellion have placed high a up for a bluff. To the great astenishment of every one, Dealer Carlisle helped dimself at four cards. All hands were much amased at this display of poker much amased at the lapter swinked at the beginning of the rebellion have placed high a place for the Georgia company, They were anade to a blacksmith. The weapons fashioned for the carlist helped himself at four cards. All hands were much amased at this display of po "that Potter looks upon humor as a sort of literary varnish that can be applied with a brush whenever and wherever it may be deemed necessary. I know he has a pleasant habit of handing me the manuscript of a scene and saying, "Here, old man, just put a little repartee in that, will you?"

"Sometimes I have fancied from his manner that he expected me to do it while he waited, just as if he were having his hat blocked." I have found on already that there is a great deal of difference between a joke that is intended for the stage and one that is intended for publication in a magazine or news."
