NEWSPAPER LAW DECISIONS.

1. Subscribers who do not give express notice to the contrary are considered as wishing to renew their subscriptions.
2. If subscribers order the discontinuance of their periodicals, the publisher may continue to send them until all arrearages are paid.
3. If subscribers neglect or refuse to take their periodicals from the postoffice to which they are directed, they are responsible until they have notified their publishers and ordered them discontinued.
4. If subscribers move to other places without informing the publishers, and the papers are sent to the former address, they are held responsible.
5. The courts have decided that refusing to take periodicals from the office of removing and having them unmailed for, is prima facie evidence of intentional fraud.
6. If subscribers pay in advance they are bound to give notice at the end of the time if they do not wish to continue taking it; otherwise the publishers are entitled to send it and the subscribers will be responsible until an express notice, with payment of all arrearages, is sent to the publisher.

When, in my youth, I made the mistake of trying to paint red the town,
My parents both said,
O, he'll marry, and soon settle down,
Now that I'm wed, 'tis found to be false,
I've drinking a bitter cup,
This is the truth I have found,
As each day comes round
That my time is all spent settling up.

The Clerk mines near Carrolltown have been closed by the sheriff. The trouble came from the fact that the parties, from whom Mr. Clerk had leased the coal had not finished paying for it, and as a result had operation stopped. This is a misfortune to Mr. Clerk, as he had been doing a good business for the past few months, and giving employment to a number of men. It is to be hoped the trouble will be adjusted soon.—Carrolltown News.

A Public Letter.

CINCINNATI, O., Aug. 16, 1883.

AUNT RACHAEL SPEER, Dear Madam:—

We are seven in family—myself, wife, her sister and four children. All have been sick two summers with malaria. Quinine would break it, but leave us weak and distressed in the head, and when we stopped the quinine the fever would return. Many people praised your Peruvian Bitters and our physician told us to use it. I feel grateful to you because your Bitters has cured everyone of us after using it 21 days. We used it five and six times a day, taking a tablespoonful of the Bitters in a small wine glass of Speer's Port Wine.

REV. JOHN J. THOMAS.

A high liver with a torpid liver will not be a long liver. Correct the liver with De Witt's Little Early Risers, little pills that cure dyspepsia and constipation. C. W. Hodgkins.

A WONDERFUL WELL.

It is in Kansas and is said to cure Hog Cholera.

It is claimed that the waters from a well on the George B. Turner farm, now operated by Jacob Harmon, near Edinburg, Kan., are a sure cure for hog cholera. The effect of the water upon the diseased hogs is to instantly cause them to vomit and within half an hour to show marked improvement. Recovery is then rapid.

Mr. Harmon's entire drove was down with the cholera, and he claims the waters of the well cured every one. The formation of a company to bottle and sell the waters of this well, as a hog cholera cure, is under consideration. The loss to Atchison county farmers from hog cholera the past season is estimated at \$100,000.—Kansas City Times.

Rivals to the "Pointed Beards."

I hear that the new society conceived and formed by Clarence Andrews, and named "The Pointed Beards," was so successfully inaugurated last Monday night that the smooth shaven chappies of the town are about to organize a rival society, to be known as "The Barface Brotherhood."

As the patron saint of "The Pointed Beards" is the goat, so "The Barface Brotherhood" will adopt as its emblem the moon; and by that token they will shine all night and be always full.
