

Do not understand our phenomenally Low Prices or judge them by the price standards of other stores. When we say Low Prices, we mean to imply that we give the Best and Greatest Values for Much Less Money than similar wares can be had for in other places. Monday's Price Opportunities will emphasize this all-important fact.

Personally-Conducted Tours via P. R. R.

That the public has come to recognize the fact that the best and most convenient method of pleasure travel is to participate in the Pennsylvania Railroad company's personally-conducted tours, is evidenced by their increased popularity with each succeeding year and the number of inquiries in regard to them.

Under this system the lowest rates are obtained, both for transportation and hotel accommodation, and none but the best hotels are used. An experienced tourist agent and chaperon accompany each tour to look after the comfort of the passenger.

The following tours have been arranged for the season of 1896:

To the north (including Watkins Glen, Niagara Falls, Thousand Islands, Montreal, Quebec, Au Sabie Chasm, Lakes Champlain and George, Saratoga, and a daylight ride down through the Highlands of the Hudson), July 21 and August 18. Rate \$100 for the round trip from New York, Philadelphia, Baltimore, and Washington, covering all expenses of a two weeks' trip.

To Yellowstone Park, covering a period of seventeen days, on a special train of Pullman sleeping, compartment, and observation cars and dining car, August 27. Rate \$300 from New York, Philadelphia, Baltimore, and Washington. Two tours to Gettysburg, Lantry Caverns, Natural Bridge, Richmond, and Washington will be run in the early Autumn.

FARMING NOTES

Of Interest to the Farmers Who Read the Patton "Courier."

Farmers, spend your 4th of July in Patton.

In a good farming community you will always see guide boards at all cross roads.

The recent continued rains have given the weeds a chance to get ahead, and it will now take heroic work in some localities to subdue them.

Good blood is all right, but good quarters, good feed and proper methods make success doubly sure in the raising of hogs.

Out of the 42,842,750 hogs in the country the Department figures make the losses mostly by cholera in 1895 amount to 5,440,168, or 12.7 per cent. of course the high per cent. of losses in the great corn states, Missouri, Illinois and Iowa, reaching 24 per cent. in one of them. In the northwest the loss was small.

Corn is the cheapest stock food grown, because both its grain and fodder are utilized, but corn can be rendered still cheaper by a correct system of feeding it. If used exclusively, and without regard to the seasons, it becomes expensive, because it does more harm than good. The best results from corn are derived when it is fed in connection with other foods.

Good judges of cows are careful of the expenditure. They are economical, and pay a fair price for a choice animal rather than to incur the extravagance of feeding one that does not pay. The rule now among experienced dairymen is to keep no cow that will not produce at least 300 pounds of butter a year. Such a cow may cost more than the average sum usually paid, but she will give more profit in one year than some cows will in twice that period of time.

A. L. Wooster, a prominent citizen of Osseo, Mich., after suffering excruciatingly from piles for twenty years, was cured in a short time by using DeWitt's Witch Hazel Salve, an absolute cure for all skin diseases. More of this preparation is used than all others combined. C. W. Hodgkins, Patton Pharmacy.

Did you ever think how readily the blood is poisoned by constipation?

Bad blood means bad health and premature old age. DeWitt's Little Early Risers, the famous little pills, overcome obstinate constipation. C. W. Hodgkins, Patton Pharmacy.

The Bills Returned.

On Tuesday the grand jury of Allegheny Co. returned true bills in the libel suits entered by C. L. Magee and Senator William Flinn against Alfred Reed, E. W. Bartlett and W. J. Christy, of the Commercial Gazette, and C. W. Houston, C. E. Locke and the Press Publishing company. The informations were the result of an article in the Commercial Gazette and a cartoon in the Press asserting that Magee and Flinn's assistance in the McKinley campaign was due to the receipt of \$100,000 from Mark Hanna's hoodie satchel to carry on the fight against Senator Quay. Magee and Flinn denied the charges.

I am fully convinced that the Ladies of Patton appreciate and demand that which is up to date. What part of their attire are they most particular about? Why their Shoes of course. Such as the 20th Century, Low Cut, Large Button; also same thing in lace; also a large assortment of Oxfords in both tan and black, prices to suit all. Ask my clerks to show them to you.
