Since 1878 there have been nine epidemics of dysentery in different parts of the country in which Chamberlain's Colic, Cholera and Diarrhoea Remedy was used with perfect success. Dysentery, when epidemic, is almost as severe and dangerous as Asiatic cholera. Heretofore the best efforts of the most skilled physicians have failed to check its ravages, this remedy, however, has cured the most malignant cases, both of children and adults, and under the most trying conditions, which proves it to be the best medicine in the world for bowel complaint. For sale by C. W. Hodgkins, Patton Pharmacy.

A Good Deal of Truth.

An exchange remarks that the man who gets the fewest letters complains the most of the postoffice; the man who complains of the preacher pays the preacher the least; the man who complains the most of his neighbors is the meanest neighbor, and the man who has the least sense is the most contented. It may also be added that the man who borrows his neighbor's paper has the most fault to find with the way it is run, and the man who never pays his subscription kicks on the price.

Aunt Rachel's Borehound and Eucalyptus.

Made of grape juice, rock candy crystal and the borehound herb, is a simple and effective remedy for coughs, colds, hoarseness and sore throat—highly recommended for consumptives. This is no patent medicine mixture, but is pure borehound, eucalyptus, rock candy and grape juice, combined with other medicines much used by consumptives, public speakers and singers. Sold by druggists. Price, 25 cents and 75 cents.

Next Convention at Houtzdale.

The Journal says that Houtzdale has been unanimously selected as the place for holding the Firemen's Convention in 1897. Our town received more recognition than this as W. C. Langford was chosen president of the district for the ensuing year. This news was received with much gratification to our people and especially to those who were active in securing the next convention feel gratified. Hip, hip, hurrah.

Leg Broken.

Benjamin Peightol, an employe of the Moshannon colliery, north of Patton, had the misfortune on Monday to sustain a compound fracture of his left leg midway between the knee and the ankle, while attending to his duties as a driver. He was caught between the cars in some manner. He also sustained severe injuries to his right leg. Dr. Worrell was at once summoned who looked after the injuries of the unfortunate man.

Water "Buggy."

An exchange says that this campaign will be a "buggy" affair. The 16 to 1 men are silver bugs, the prohibitionists are water bugs, the woman suffragists are lady bugs, the second money men are gold bugs, the mag-wumps are humbugs, and the floppers are tumble-bugs.
