Then where do all those ps of cigars come from that I see Friar—From those gentlemen who in't ask —Tagliche Rundschau

When the common earthworm is cut in two to the tail, there grows a head, and to the head there grows a tail, and two animals are formed. As the wound hads a small white button is formed, which afterward develops into rings and

TRAINED CATS.

the Period of Short of the Santon of State

A showmen in England, Clarky by name, has succeeded in training a large number of cuts to perform remarkable tricks. One of these is to walk over a long line of living rats, mice and canaries, stepping very carifully between the fluttering little bodies of birds and mice and hirming some of them. An other cat climbs by a rope to the roof, selves the hindle of a parachute and de-

when compared with cast. The cast indeed can never be so far conquered that
her performances may be depended on.
Mr. Clarke's entertainment includes
only 50 trained cats, but he has to take

There are thousands of dark corners with him 60, in order that he may have in a great city, and in one of these he

mish him 60, in order that he may have substitutes for those that will not perform.

He calls the cut a "hopeless bundle of sensibilities." Strike her once, though only by actident, and she will never perform again. Kindness is not only politic, but absolutely necessary. Some of his cuts it took him four years of mercales effort to train.

The Paris correspondent of the London Truth says that the long vexed question of the corset is in a way to be settled once and for all. Neither doctors nor rational dreas reformers will earn the credit of the change, thanks being due to the cycle only. Cycle tailors and trainers in Paris are dead set against the ally weak intellect.

There nor rational dress reformers will earn

madame," says the trainer, "if you body, just to hear her own voice, and must go on keeping your conventional she stopped the first policeman who figure. You need every muscle in your came in view. She recognized the fact body and every muscle free. A ceinture that the officer might think her either just deep enough to sustain the waistmounced "kneeks") is all I can alyou. Indeed the knicks should be so light as hardly to weigh on the hips.

The cycling dress should be so light and stared at her quizzies ly at first, seemelectic that in wearing it one should

We look in Paris on a gown wearing woman on a cycle as a sprawling cariratural creature, with no sense of fitness

If our forehead is rigid with wrinkles before 40, what will it be at 70? There is one consoling thought about these marks of time and trouble—the death angel almost always crases them. Even the extremely aged in death often wear a smooth and peaceful brow, thus leaving our last memory of them calm and tranquil. But our business is with life. owling is a silent kind of scolding. It shows that our souls need sweeten ing. For pity's sale let us take a sad fron, or a glad fron, or a smoothing tool of some sort and straighten the creases out of our faces before they become indelibly engraved upon our faces. - Ex

the continuation. When a dose of the cat. It is seed growing that exhausts the is dealt out, none but those connected with the prison sie allowed to be there.

Like the cut the birch may be made a very severe pun inment or a compara-tively trivial affir, not merely according to the number of strokes, but from the instructions | ven the constable who is told off to do the flegging. I have seen a boy after six strokes resemble nothing so much as a piece of raw beef and bleeding fee fully, while I have also seen a boy after six strokes merely a trifle red.

Some policemen dread the duty of fogging, and after the first two strokes get a sharp order to "hit the boy and not play with him." Other constables delight in the work and boast of their ability to draw book at the first stroke. Various modes of administering the punishment obtain in different parts of the country. In some places boys are placed face downward on a form. One constitute holds his arms and head firmly, while another does him the same

injectes the punishment.

In other prisons the culprit is placed on a constable's back, and as he sits there with his arms around the officer's perk, awaiting "the event," his attitude strikes a spectator more as one of affection than discomfort. Another way is to corapel a boy to lean over a chair as if he were praying, then run a strap right around his legs and the legs of the chair, a constable holding his bend and arms
