**TAKING HIS TIME.**  
Mr. McKinley still has nearly three weeks in which to make up his mind as to the personnel of his Cabinet, and he appears to be taking his time about making his selections. Senator Sherman and Mr. Gage are of course settled upon. General Alger has accepted the Secretaryship of War, and ex-Governor Long, of Massachusetts, is said to have taken the portfolio of the Navy Department. Judge McKenna, of California, is, it seems, to be a member of the Cabinet, but it is not certain what position he will hold; possibly that of Secretary of the Interior. Judge Goff, of West Virginia, who has been the only man prominently mentioned for the Attorney-Generalship, seems to be very hesitant about accepting that post, preferring, it is said, to get instead a place upon the Supreme Court bench. There are several other men "prominently mentioned" for other positions, but as to their chances nothing is known beyond newspaper gossip, and this may continue to be the case for some time longer, perhaps until the Cabinet slate is finally made up after the inauguration.

**LINCOLN'S BIRTHDAY.**  
Friday, February 12, was the 80th anniversary of the birth of Abraham Lincoln, and is known as Union Defender's day. No formal observance was had in Patton, although some of the business places and the public school building displayed flags in honor of the occasion.

The day has never been set apart as a holiday in this State, although there is a growing sentiment in favor of it and it is now recognized as such in the States of Illinois, Minnesota, New Jersey, New York and Washington.

**ELECTORAL VOTE COUNTED.**  
Without interruption and with all the tediousness of routine the Senate and House last Wednesday canvassed the electoral vote. The official declaration of the result was made by Vice-President Stevenson at the end of proceedings, which lasted fifty minutes. The vote for president is: William McKinley, 271; William J. Bryan, 176; for Vice-President, Garret A. Hobart, 271; Arthur Sewall, 149; Thomas E. Watson, 27.

**One Way to be happy.**

## Page Notes.

Laws for the compulsory eradication of certain weeds are now in force in 25 States and territories.

Somebody who is very exact in his statement says the poppy 32,000 and the tobacco plant 70,520.

If the hogs are crowded and the weather is cold they will pack close together at night for warmth, when possibly the one underneath may be crushed. Two or three in a pen will thrive better than a larger number.

Sheep will not drink ice cold water unless compelled, consequently they at times do without water as long as possible. The water for them should be warmed, as it is essential for the ewes to drink a large proportion to provide milk for the lambs.

When the snow is on the ground rabbits have a hard time securing food and will eat anything to prevent starvation. It is then that they gnaw tree and do damage which is not within the power of the farmer to repair. Smearing the trunk with blood or wrapping the trees with tarred paper or mosquito netting two feet from the ground serves as a protection.

On many farms early lambs have already appeared, and the object should be to force them in growth as much as possible. One of the best foods for them, as soon as they are old enough to eat, is ground oats. The ewes should be fed not only grain and hay, but also carrots, turnips and other succulent food, so as to induce a full supply of milk.

When putting down drain tile it is better to take time and do it properly than to slight the work, as any defect after the tile is covered cannot be remedied without incurring an extra expense, and an obstruction is not easily located. The tile should be so laid that the joints will not be displaced and the bed on which the tile rests should be firm. If the work is done intelligently, and in a manner to provide perfect drainage, the tile should do service for many years without getting out of order.

A new book, "Knitting and Crocheting," of 64 pages, over 50 original designs illustrated, beautiful lace patterns, shawls, hoods, jackets, etc., has been published by The Home, 141 Milk St., Boston, Mass., and will be sent with a subscription to that paper. The Home is a 20-page monthly filled with original stories, literary and domestic topics and fashions. Its department of fancy work is a special feature, new and original designs each issue. The price of subscription is 50 cents per year and will include one of these books. As a special inducement to trial subscribers, a copy of this book will be given with a six months' subscription. The price of book is 25 cents, but a six months' subscription and the book combined will be sent for only 15 cents. Their annual premium list for 1907 will be sent free on application.

**A Tour to Babay Florida.**  
When the North is at its worst Florida is at its best. When lakes and rivers are icebound here and a drifting snow fills our streets the violets are blooming there and the air is laden with the sweet perfume of budding spring. When Old Boreas howls around our northern homes and the frost king rules, the mocking bird is singing in Florida's graceful palms and the whole land is melodious with happy song. The elegant special trains of the Pennsylvania Railroad Jacksonville tours are fitting introductions to this delightful land. The next tour, allowing two weeks in Florida, leaves New York and Philadelphia under personal escort February 23. Round-trip tickets, including Pullman accommodations and meals on the special train, will be sold at the following rates: From New York, \$50.00; Philadelphia, \$44.00; Canandaigua, \$52.85; Erie, \$54.85; Pittsburgh, \$53.00, and at proportionate rates from other points.

For tickets and itineraries apply to ticket agent, Tourist Agent, 1196 Broadway, New York, or to Geo. W. Boyd, Assistant General Passenger Agent, Broad Street Station, Philadelphia.

The following is a copy of a circular issued by E. P. Unangit, a prominent druggist of Bethlehem, Pa.: "There are numerous preparations in the market for colds, croup and whooping cough. Among these we wish to call your especial attention to Chamberlain's Cough Remedy. It is sold on its merits. This assertion is warranted by its sales, which surpass any remedy of a similar nature." This remedy is famous for its cures of bad colds; then it is the only remedy that is a certain preventive and cure for croup, and the only one that prevents all dangerous consequences from whooping cough. It is pleasant and safe for children to take. For sale by Patton Pharmacy, C. W. Hodgkins.

**A Reminder of Army Life.**  
Mr. Lon Smith, editor of the Commercial, Meyersdale, Pa., says: "A chronic diarrhoea that returns at frequent intervals, as a reminder of army life, has been more effectually controlled by Chamberlain's colic, cholera and diarrhoea Remedy than any other I have ever used. It possesses true merit." For sale by Patton Pharmacy, C. W. Hodgkins.
