A few weeks ago the editor was taken with a very severe cold that caused him to be in a most miserable condition. It was undoubtedly a bad case of la grippe and recognizing it as dangerous he took immediate steps to bring about a speedy cure.

From the advertisement of Chamberlain's cough remedy and the many good recommendations included therein, we concluded to make a first trial of the medicine. To say that it was satisfactory in its results is putting it very mildly, indeed. It acted like magic and the result was a speedy and permanent cure.
