Suppose again that it is 8 o'clock. Point the hand re indicating 8 to the sun and the figure . X. on the dial is due south. My American friend seemed surprised that I did not know this, and not wanting to be left alone in my ignorance I asked Henry M. Stanley, whom I met the following day, whether he knew of this simple means of taking the points of the compass. My self-esteem rose when the famous traveler told me be had never heard of it. So, perhaps, there may be plenty of folks in your country who still remain in my original state of ignorance. I don't know where my American friend hails from, but some where in the great West."
