Ebensburg has the prettiest band in the state and if their present progress is kept up it will not be long until we can say it has the best. The boys turned out on Wednesday evening in their new uniforms and made a splendid appearance. Whoever selected those uniforms has better taste than usually goes with enthusiasm for band practice, and while the musicians were not probably selected for their personal appearance, a finer looking lot of young men could not be gotten together in any town in the county. Success to the new band.—Cambria Tribune.

AN APPEAL

To the People of Pennsylvania by the Red Cross Society.

The Associate Society of the Red Cross of Philadelphia has, during the present war and the distress in Cuba, which preceded the breaking out of hostilities between our country and Spain, been actively engaged in its humanitarian work of ministering to the necessity of the men in the field and of the suffering Cubans. It has sent many articles of comfort, even of life-saving importance to our troops in their various camps, sometimes in response to most touching appeals; the appeal came and the Society was ready. It has besides made a large number of shipments of goods, provisions, clothing, medicines to the Cubans. In all its work it has been nobly upheld, notably by the people of Philadelphia, but also by those of other parts of the State and of New Jersey. During the blockade and the siege of Santiago, one branch of its ministrations was necessarily suspended, but the Society was not idle, stores continued to be received, money to be collected. Among other things the equipment of a field ambulance and hospital service has been undertaken, and already has so far proceeded as to be properly regarded as an accomplished fact, and the Society will be able to put into the field six ambulances, with their proper appurtenances and a properly equipped field hospital.

The fall of Santiago reopens the opportunity of merciful work in Cuba. The Society has already made arrangements to forward several tons of stores, which have been only waiting a chance to be sent, and has appropriated in addition for this shipment, \$1,300. But this is but a drop in the ocean of suffering. More must be done. The Society proposes, therefore, to charter a steamer, to sail from Philadelphia about August 15th, to convey the ambulance corps and equipment to the front and to load the vessel with stores, such as soldiers may need and which the government does not provide, and with clothing, food, and medicine and such other things as may be required by those wretched, suffering people, whom we encouraged to resist Spain and to make a struggle for liberty, and whose suffering has been fearfully and necessarily enhanced by the war upon which we have entered.

The Society, therefore, appeals to what has never been appealed to in vain, to the grand old heart of Pennsylvania, the grand old Commonwealth whose foundations were laid in love to man, irrespective of race, and asks for contributions of goods and money to enable it to carry out its project—to save lives—to relieve suffering—to feed the starving—to clothe the naked. The Society makes this appeal in all confidence. Pennsylvania has never yet failed when called upon in the name of patriotism and humanity. She will not fail now!

Contributions in money may be sent to William Hill, Treasurer, No. 308 Walnut street, Philadelphia; contributions of stores addressed to the Associate Society of the Red Cross, Philadelphia, 1501 Chestnut street.

Notice.
We, the undersigned, do hereby agree to refund the money on two 25-cent bottles of Baxter's Mandrake Bitters, if it fails to cure constipation, biliousness, sick headache, or any of the diseases for which it is recommended.
