front consisted of infantry and cavalry, stretched out for three or four
miles. Countless banners fluttered
through their masses and the copper
and brass drums resounded through
the serried ranks of the savage warriors who advanced unwaveringly,
with all their old time ardor.

The Spanish Sezeral Says Toral Should be Court Martialed for Surrendering.

Gen. Luis Pando, chief of staff of Gen. Blanco, landed in New York from the steamer Philadelphia Sunday and on the Aurania for Spain. He was not good humor when a reporter called him. One reason was that he did not have the 12,000,000 francs which the New York Herald accused him of taking in Cuba, and another was that all the way up from Havana on the steamer the Cuban passengers, who were many, kept insulting and reviling the Spanish passengers who were few. It required all the diplomacy of the alsh officers to keep them from

Gen. Pando would say little to re-porters. He did unbend enough, how-ever, to declare that Gen. Toral ought to be courtmartialed for surrendering Santiago, and he was glad he added, to be able to say that Toral would cer-tainly be court-martialed. He a'so as-serted, sureastically, that the United States ought to start a fund a raise a monument to the premier of Spain.
