Tested and Tried For 25 Years

Would you feel perfectly safe to put all your money in a new bank? One you have just heard of? But how about an old bank? One that has done business for over a quarter of a century? One that has always kept its promises? One that never failed; never misled you in any way? You could trust such a bank, couldn't you?

SCOTT'S EMULSION

OF COD-LIVER OIL WITH HYPOPHOSPHITES is just like such a bank. It has never disappointed you, never will. It has never deceived you, never will. Look out that someone does not try to make you invest your health in a new bank, some new medicine you know nothing of.

See and hear all druggists.
SCOTT & BOWNE, Chemists, New York.

AN OIL-WELL crass has struck this place. We hope that the proposed project will amount to more than gas, especially of the surface variety, of which Patton is abundantly blessed with.

THE STREET paving question will no doubt be again brought up next spring and the work begun in an earnest manner. It is somewhat surprising to note the fact that many of our citizens who were against the movement this fall are now in favor of street paving the coming spring. In all probability not only will Magee avenue be paved from the railroad to Fifth avenue, but that an effort will be made to pave a portion of Sixth avenue. The condition of our principal streets during the past two months has set many of the anti-pavers to thinking which would be the cheaper and most serviceable in the long run.

MANY of the most careful observers of Senatorial sentiment are predicting that the anti-expansionist will be strong enough in talk, if not in votes, to prevent the ratification of the treaty of peace at the coming session of the Senate. While more than one-third of the Senate would have to vote against the treaty to reject it, ten or twelve Senators can, if so minded, prevent a vote being taken on it before the short session of Congress expires. It is to justify this sort of thing that the anti-expansionists are trying so hard just now to work up a public sentiment against the acquisition of the Philippines by the United States. It will be time wasted, even if the anti-expansionist succeeds in preventing a vote at the short session. The Senate can be called in extra session, immediately after the expiration of this Congress, with the certainty that the treaty will be ratified.

IT'S ALL OVER NOW

It is all over now, except the Spanish sweeping and wailing. The ultimatum, with a time limit attachment, did the business. Spain has accepted our terms of peace and agreed to give up the Philippines and accept the money offered as a salve to its wounded honor. There are a number of details such as providing for a restoration of commercial relations between the United States and Spain, which will delay for a few days the completion and signing of the treaty, but the principal work of the peace commission has been accomplished, and Spain, and the rest of the world, has been shown that when the United States adopted a position, it maintained, regardless of semi-hostile attitudes taken by other nations. Neither American diplomacy nor American fighting are likely to be sneered at in any section of the world for many years to come. The United States has acquired a prestige among the great nations of the world that will make unborn generations of Americans proud to belong to the nation that has won its right to be counted among leaders, both in the accomplishment of peace and of war.

Save Your Tickets. Every 50 cents' worth of goods at our store you will be given a ticket and the person who gets the greatest number of same by Christmas Day, 1899, will be given a pair of shoes free.

Pains in the chest when a person has a cold indicate a tendency toward pneumonia. A piece of flannel dampened with Chamberlain's Pain Balm and bound on to the chest over the seat of pain will promptly relieve the pain and prevent the threatened attack of pneumonia. This same treatment will cure a lame back in a few hours. Sold by Patton Pharmacy, C. W. Hodgkins.

Parsnip Complexion.

It does not require an expert to detect the sufferer from kidney trouble. The hollow cheeks, the sunken eyes, the dark, puffy circles under the eyes, the sallow parsnip-colored complexion indicates it.

A physician would ask if you had rheumatism, a dull ache or pain in the back or over the hips, stomach trouble, desire to urinate often, or a burning or scalding in passing it; if after passing there is an unsatisfied feeling as if it must be at once repeated, or if the urine has a brick dust deposit or strong odor.

When these symptoms are present, no time should be lost in removing the cause.

Delay may lead to gravel, catarrh of the bladder, inflammation, causing stoppage, and sometimes requiring the drawing of the urine with instruments, or may run into Bright's Disease, the most dangerous stage of kidney trouble.

Dr. Kilmer's Swamp-Root, the great discovery of the eminent kidney and bladder specialist, is a positive remedy for such diseases. Its reputation is world-wide and it is so easy to get at any drug store that no one need suffer any length of time for want of it.

However, if you prefer to first test its wonderful merits, mention THIS PATTON COURIER and write to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle and a book telling all about, both sent absolutely free by mail.

Important Notice.
If any of your family should be attacked with a sudden cough or cold, don't fail to try a bottle of Gray's Balm, the great guaranteed cough cure. It never fails to relieve and promptly cure coughs, colds, asthma, bronchitis, croup and whooping cough. No family with children should be without it. Samples free. Large bottles 25 cents. Sold only by C. W. Hodgkins, Patton Pharmacy.
