 Owing to peculiar circumstances a rich sensational item was suppressed from the columns of the COURIER this week which in all probability would have besmirched the supposed spotless characters of two of Patton's most popular and well known young gentlemen, whose arrest for larceny created quite a sensation, not saying a word about the flight of one of the guilty parties. This proceeding may not be the end of the trouble as the offenders allege that it was all unintentional and declare that they will spare no time nor money in seeking revenge on the informant.

Missing Trouble at Brockwayville.
 A dispatch from Brockwayville, Pa., dated Monday, October 9th says that as a result of the coal strike of Erie miners in Tioga county, a conflict is being waged between the 1,300 miners of the Toby valley, representing Brockwayville, Dagous and Crenshaw coal works. District President Wilson, of the United Mine Workers, and labor leaders are at Brockwayville trying to induce the miners to come out in sympathy with Tioga strikers. A majority of Dagous and Crenshaw miners favor suspension, but West Clarion mine employees refuse to go out. Six hundred men will march from Dagous and Crenshaw in the morning to compel the Brockwayville men to stay out. Sheriff Burns and 25 deputies are guarding the company's property. The deputies are armed.

 Eighty New Citizens.
 Judge Barker held a special session of court on Wednesday of last week to hear applications for naturalization. About 100 persons applied for citizenship, and about 80 were granted the privilege. Judge Barker subjected the applicants, or some of them, to pretty rigid examination, and asked some questions that would stagger a good many native born voters. About 50 of the new citizens will evidently be Republicans and the balance Democrats.—Cambria Tribune.
