The birth rate in the United States is gradually decreasing, this diminution being due to both the white and black races. For the last 100 years this decimal loss is recorded as having gone on. Official figures show that increase for our total population was 30.08 per cent. from 1870 to 1880, 24 per cent. from 1880 to 1890, while it is believed that this decade will only show an increase of 18.94 per cent.

Three children of Joseph Tema, a miner, were drowned in Sandy creek, near Snow Shoe, Sunday. The children who were aged from 5 to 9 years, left their home at noon Sunday, and were not missed until night when a search was at once made, but without success until the creek was dragged Monday. The supposition is that the little girl fell into the water and her brothers were drowned while trying to save her.

Mrs. Mildred Jackson, colored, residing up Big Puckety, Westmoreland county, and known to the country over as the ossified woman, died last Thursday, aged about 100 years, says the Greensburg Argus. For twenty years Mrs. Jackson has been an invalid. During this time she had passed into an ossified state, and for 15 years was unable to bend a joint. Her condition was an interesting study for the doctors and her home was the mecca of numerous medical pilgrimages from physicians who went to study her case. For six days previous to her death she was unable to swallow a morsel of food and death relieved her terrible sufferings.

IT WAS IN HIS POULTRY YARD.

Man in town Uses a Compound That Makes His Hens Lay Double the Usual Number Summer and Winter—Secret of His Success.

People in the neighborhood of Crescon, Iowa, are amazed at the number of eggs that this man drives to market with. When asked what the cause of his hens being so prolific, he stated it was all in a certain compound he was using, that kept his hens in good condition and furnished them with the proper stimulus to egg production. American Poultry Mixture is the name of it, and is made by the American Mfg. Co., Terre Haute, Ind. Every man in the poultry business is interested in the health of his hens and their laying capacity. In the eggs lie his profits. This mixture is guaranteed to increase the production of eggs 100 per cent. or money refunded. It will do more than three times as much as the same amount of any other compound. It is concentrated in form and the result of years of practical experience in the poultry business. There is absolutely no doubt as to what it will do, and you are invited to try it at the expense of the company. Send \$1.00 for a sample package and if it doesn't do the work you get your money back. This is fair and is made to induce practical poultrymen to give it a trial. It is also a sure preventive of such diseases as the terrible cholera and roup which create such havoc in all parts of the country. It acts directly on the crop and gizzard and is a thoroughly scientific preparation.

The manufacturers guarantee every package or refund purchase money. If your druggist don't sell American Poultry Mixture, he's behind the age. In that case order direct from American Manufacturing Co., Terre Haute, Ind.

"I think I would go crazy with pain were it not for Chamberlain's pain balm," writes Mr. W. H. Stapleton, Herminie, Pa. "I have been afflicted with rheumatism for several years and have tried remedies without number, but pain balm is the best medicine I have got hold of." One application relieves the pain. For sale by Patton Pharmacy, C. W. Hodgkins.
