

A Changed View of a Changed Man.

I am completely discouraged after trying so called specialists and different advertised remedies, I feel that I am getting worse instead of better and have about given up hope of ever being cured of my kidney trouble.

I have changed my mind, for after reading of the positive guarantee of Foley's Kidney Cure, as a forlorn hope I tried a bottle, and the result was so favorable that I continued its use until I had taken three bottles which effected a thorough cure, and I am a changed man.

It is very hard to stand idly by and see our dear ones suffer while awaiting the arrival of a doctor. An Albany (N. Y.) dairyman called at a drug store there for a doctor to come and see his child, then very sick with croup. Not finding the doctor in, he left word for him to come at once on his return. He also bought a bottle of Chamberlain's cough remedy, which he hoped would give some relief until the doctor should arrive. In a few hours he returned, saying the doctor need not come, as his child was much better. The druggist, Mr. Otto Scholz, says the family has since recommended Chamberlain's cough remedy to their neighbors and friends until he has a constant demand for it from that part of the country. A Costly Fire.

Last Thursday morning Curwensville was visited with what might have been a serious conflagration. The Academy of Music was the building in which the fire did its work, but through the efforts of the volunteer fire department it was confined to this one building. The total loss, including tenants who had offices located there, aggregates something over \$11,000, fully covered with insurance.

Surplus was \$7,892,793.

The monthly comparative statement of the receipts and expenditures of the United States shows that the total receipts for the month of February were \$45,631,265 and the expenditures \$37,738,472, leaving a surplus for the month of \$7,892,793. During the last eight months the total receipts have exceeded the expenditures by \$37,763,000.
