 Despite the constant bragging of our British cousins in regard to the greatest safety of railway travel in Great Britain, and the almost universal admission in this country that such is the fact, official British statistics show that the loss of life to employees is twice as great there than here. The British railways are almost entirely without safety appliances, for coupling and uncoupling cars, for instance. Parliament has now passed a law compelling these to be adopted within a reasonable time and it is hoped that the ratio will be reduced at least to the American one.

Resolutions of Respect.
 Whereas, it has pleased Almighty God in his infinite wisdom and love, to remove from our midst, our beloved sister in Christ, Miss Josephine Ingraham, in grateful remembrance we tender the following resolutions:
 Resolved, that in the death of our sister in Christ, Miss Josephine Ingraham, the Epworth League of Patton loses one of its most earnest and devoted supporters, one whose patient loving Christian life and constant prayers in our behalf added immeasurably to the spiritual growth of our membership.
 Resolved, that while we deeply mourn the departure of our beloved sister yet we humbly bow to the Will of Him who doeth all things well, believing that what is loss to us is to her indeed heavenly gain.
 Resolved, that we tender the family of the deceased our most sincere condolence in their bereavement and that a copy of these resolutions be placed on the minutes of our League, published in the Patton Courier, and a copy be presented to the family of the deceased.
 MRS. W. H. SANDFORD,
 MRS. H. T. PETERS,
 MISS MINNIE R. SPOTSWOOD,
 Committee on Resolutions.

Devoted His Income to Charity.
 Dr. Isaac C. Detweiler, probably the only physician in the world who gave every dollar derived from his practice to charity and the church, died at his home at Reading last Wednesday morning. He was seventy years of age, and the oldest Homeopathic physician in eastern Pennsylvania. When a young man Dr. Detweiler made a vow that he would give a certain percentage of his income to the cause of religion, and he did so. Later he made another vow that whatever income he derived thereafter from his practice of medicine would be given to charity and the church, and he kept his vow faithfully, deducting nothing from his professional income for living expenses, as he had money which he had made many years ago in building operations.
Spare Women.
 In former years when thin women wished to gain flesh and roundness of form they would take warm baths and follow this by rubbing into the skin cod liver oil. Now they employ the more elegant way of buying Scott's Emulsion and taking it internally. It increases the weight of thin babies and delicate children also.

Notice is hereby given that an application will be made to the Governor of the State of Pennsylvania on Friday, the 28th day of September, A. D. 1900, by William L. Hicks, Thomas J. Gates, Chambers O. Templeton, Samuel E. Stewart and John W. Kuphart, under the Act of Assembly of the Commonwealth of Pennsylvania entitled "An Act to provide for the incorporation and regulations of several corporations" approved April 29th, 1874, and the supplements thereto, for the Charter of an intended corporation to be called The Beaverdale Water Company the charter and object of which is the supply, storage and transportation of water and water-power from the Beaver Run and South Fork Creek and streams tributary thereto in Cambria County, Pennsylvania, for commercial, manufacturing and domestic purposes, and to persons, partnerships, corporations and associations, in the District of Cambria County and territory adjacent thereto, and for these purposes to have, possess and enjoy all the rights, benefits and privileges of the said Act of Assembly and its supplements.

DOGAN CAUGHT AT LAST.
 Weather Man Settles Charge of Theft by Keeping Horse.
 Harry Dogan, the young Portage man whose exploits with other people's horses have been mentioned in the Courier from time to time, was arrested last Tuesday afternoon in Portage by constable Long, at the instance of Thomas Longhrie, proprietor of the Grand Central hotel in Windber.
 Dogan was turned over to an officer from Windber and was taken to the young man's mother, about a mile and a half from Portage. There it transpired that the horse in question was the property of Dogan's mother and himself in a way, his mother allowing him to call the animal his own and drive it from place to place. Instead of doing the latter, however, he sold the horse to Mr. Longhrie, at Windber. A settlement was reached by allowing Mr. Longhrie to keep the horse. Dogan was then set at liberty and has not been seen around Portage since, evidently fearing arrest on other charges.
Editor Stinson Injured.
 Harvey C. Stinson, editor and proprietor of the South Fork Record, was driving in company with Miss Fannie Jones of Indiana, one of the school teachers in South Fork, Monday night when their horse took fright at a large number of bundles some foreigners had placed beside the street, and turning suddenly upset the buggy, throwing both occupants out. Both were badly bruised and were confined to their homes Tuesday, Miss Jones being unable to attend to her duties at the opening of South Fork's schools Tuesday morning.—Johnstown Democrat.
 Leave your order for rubber stamps, etc., etc., at Kinkead's.
 Will Have Research the Limit.
 General Joseph Wheeler, in command of the Department of the Lakes, with headquarters at Chicago, will be retired Monday, September 10, on account of the age limit. On that day General Wheeler will be 84 years old, and he had no option about retiring, as the law which regulates this matter provides that an army officer is permitted at 62, but retires involuntarily at 65. He will probably be succeeded by General Chaffee.
 You will never find any other pills so prompt and so pleasant as DeWitt's Little Early Risers. C. W. Hodgkins, Patton Pharmacy.

No Trouble to Travel.
 Mrs. Dayton, 85 years, old is going to take a trip to Auburn to visit her son. We said to her "Mrs. Dayton, should think that quite a journey for a girl of your age. Don't you dread it?" "Why no?" said she. "I would just as live ride on the New York Central as to set in an easy chair in your parlor. I never have any trouble. I have been over the road many times; when I get to Albany I always tell the old fellow at the door where I want to go and he always looks out for me, and everybody on the train is always so courteous and obliging,—traveling on the Central is no dread to me."—The MILLERTON Telegram.

 "I am a switchman," writes A. J. Jenness, of 9201 Butler St., Chicago, "and an out in all kinds of weather. I took a cold which settled in my kidneys and was in very bad shape. I tried several advertised medicines with no benefit until I was recommended to take Foley's Kidney cure. Two-thirds of a bottle cured me." Patton Pharmacy.
