All manner of extravagant expressions are possible when woman's nerves are overwrought.

The spasm at the top of the wind pipe or bronchial tubes, "ball rising in the throat," violent beating of the heart, laughing and crying by turns, muscular spasms (throwing the arms about), frightened by the most insignificant occurrences-are all symptoms of a hysterical condition and serious derangement of the female organs.

Any female complaint may produce hysterics, which must be regarded as a symptom only. The cause, however, yields quickly to Lydia E. Pinkham's Vegetable Com-pound, which acts at once upon the organ afflicted and the nerve centers, dispelling effectually all those distressing

"DEAR MRS. PINKHAM:—I wish to speak a good word for Lydia E. Pinkham's Vegetable Compound. For years I had ovarian trouble and suffered everything from nervousness, severe headache, and pain in back and abdomen. I had consulted different physicians, but decided to try your medicine, and I soon found it was giving me much relief. I continued its use and now am feeling like a new person, physically and mentally, and am glad to add one more testimonial to the value of your remedy."—

Mrs. M. H. Lewis, 2168 Valentine Ave., Tremont, New York, N. Y.

Writing to Mrs. Pinkham is the quickest and surest way to get the right advice about all female troubles. Her address is Lynn, Mass. She advises women free. Following is an instance :
