FOR SEVEN YEARS.

And Who Taught School During the Time to Revented by a Pupil's Bitter Camity Between Two of the Osculation - Fugutive for an Awful

planation of this unique discovery that ministered to his old comrade.

"JENNIE" SEARS. of a singularly cold-blooded murder in land, and yet while this war was being the Lone Star state. The victim, an waged in South Africa England was innocent young country girl, had been in conflict with the natives of the Gold done to her death by a jealous lover. Coast colony of Kumasi, on the west one Albert Sears, of whom all trace coast of the Dark Continent. This war had been lost

Engaged to Teach School When a petite blonde with sky blue eyes and curly hair, armed with a good education and musical accomplishments, sought pupils in Huntsville, she was accepted much as a gift from a benignant Providence. Charmingly confiding young wemen, with vast possibilities in the social line, are not an every-day occurrence in that region, and Madison county presently

rang with her praises. When a peition was circulated asking that she have charge of the county school, the susceptible trustees yielded without a dissenting voice. "Miss Jennie' entered on her duties in an atmosphere of worship from the gallants when opportunity offers. round about. Her manner of handling what might have proved an embarrassment of beaux to any less astute damsel, however, only won her fresh for his careless attire and utter disreencomiums. She bestowed her favors gard for cleanliness, was one day

ted for her task. She ruled her pupils him he handed his son a dollar and a view of the general tendency to ! by love; and for several years her life half, saying: "That will buy two moved on like a peaceful tide.

denly roughened the current was a too glowed as he took the cash and faint- exports below the record-breaking ment. This forced her hand. She his mind." promptly resigned.

Then Came the Kiss. The little drama, which had of country, only raised "Miss" Sears private school she presently opened was widely patronized. The youthful principal made her home with her patrons and was a figure at all the social gatherings. Two years passed and her reign was undisputed. Then came the kiss and the denoument.

It was during recess one day that little Mary Hancock, the 12-year-old daughter of a farmer, bestowed upon "Miss". Sears the fateful caress and received in turn the prickling sensation already alluded to. Mary made no comment at the time, but when that possession while she was out feeding. evening she climbed upon her father's knee to give him a good-night kiss. and experienced the same stinging of her tender skin from his unshaven

Colored Troops in War.

In view of Mr. Chamberlain's asset tion of our right to employ our colore troops in any war, it may be asse whether any other European Powe has ever used such a right. The answer is that France used African soldiers from Algeria in the Franco-Ger man war. Several regiments of Turkes and Spabls fought all (1700) the campaign, and the former particubody of inguished themselves by their bravery against the Bavarian troops in the terrible engagements of name given to infantry regiments fields and flowers, freighted composed of negroes and Bedouins and honey, often weighs three times n specially organized for service in Algeria. Their uniform was similar to that of the Zonaves, except that it was pale blue. Their black faces were of so subster a cust that it is sald the German Government circu lated pictures of them among its army in order to accustom the sol diers to the sight of these African opponents. Many of the Turkos fell in action and large numbers were taken arisoners. A few of them managed to get back to Parlout the time of the Commune. There, without the re-straint of discipline, they gave way to drink, and eventualy made them selves such a nuisance that the Parislans were very glad to see the last of
