Report for the First Month,
Ending October 3rd.

THE BIG ENROLLMENT.

Almost Six Hundred Pupils are Receiving the Advantages of a Good Education Here—Remarks by the Principal and Reports from Each Teacher.

Four hundred and sixty-nine boys and girls of the borough anxiously awaited the opening of the schools and enrolled the first day. Others came until an enrollment of five hundred and sixty-four was reached by the close of the month. This is a vast throng of children, and of this number but few came in an untidy manner. All were buoyant in spirit and apparently seemed anxious for the active duties of school life. What a responsibility it is to direct the intellectual life of so many immortals!

The teachers who have these pupils in charge are a body of men and women whose really splendid equipment for their work is to be credited to unremitting hard work inspired by an honest ambition to win success, and a sturdy determination to avail themselves of every approved resource.

If the interest of the first month may be taken as a true index, we predict a most profitable term of school. Few are the pupils whose ambition thus far has not been awakened. We implore the earnest co-operation of all patrons that the greatest good may come to all.

All patrons and friends of education are most earnestly invited to inspect our work and encourage their children by making frequent visits. The report is appended.

SCHOOL NOTES.
585 different pupils enrolled to date. One visitor during the first month. Come again, Mr. Denlinger.

All parents should become thoroughly acquainted with the late school legislation. The freshman class has begun the study of Latin and is doing excellent work. The first two declensions have been mastered and many short sentences read.

The senior class has finished their work in physics and will take up plain geometry. The class is much interested in shorthand and several give promise to become expert.

Much memory work is being given in the different grades. Parents, ask your children to quote a poem. The sophomore class committed eight choice selections during the first month.

Edgar Yeckley, '01, a student at Indiana Normal, visited us during his recent short visit home. We were pleased to learn of his high classification at the Normal, his work being in advance of the seniors of that institution. This speaks well for the efficiency of the work done in our schools.

MORTUARY.

The Death of Mrs. Mary Kinkead, Which Occurred on Friday Afternoon.

Mrs. Mary Kinkead, an aged lady who has made her home with her daughter, Mrs. Rebecca Kinkead, at this place, for the past three years, died on Friday afternoon at 1:15 o'clock after an illness of about four weeks. The immediate cause of her death was congestion of the lungs, although she had been suffering from the ailments incident to old age for a year or more.

Mrs. Kinkead was born in New Jersey on July 4, 1813, and therefore would have been 88 years of age had she lived until next Fourth of July. She was the daughter of Mr. and Mrs. Chester Holton and came to Cambria county with her parents when but four years old. She was twice married, her first husband being Dr. Samuel D. Rhule, of Glen Hope, Clearfield county, with whom she was united in marriage on May 20, 1841. Three children were the fruits of this union—Mrs. Rebecca Kinkead, of Patton, Mrs. Sarah Nash, of Blue Ball, and Mrs. Electa Croyle, of Philipsburg. The doctor died on May 20, 1863.

In January, 1866, she was again united in marriage to Jackson Kinkead, of Glen Hope, and the children of this union are Robert and David Kinkead, of Philipsburg, Mrs. Elizabeth Potter, of Johnsonburg, and Mrs. Julia Woleslagle, of Troutville.

Mrs. Kinkead was an earnest Christian woman and a member of the Methodist church from girlhood. Brief services were held at the residence on Saturday afternoon conducted by Rev. Dr. Deaver, of the M. E. church, after which the remains were taken to Philipsburg. The funeral was held at the home of her daughter, Mrs. Electa Croyle, in that place on Sunday afternoon, conducted by the Methodist clergyman, Rev. T. L. Tompkinson. The interment was in the Philipsburg cemetery.

NOTICE.

Consumers of electric current must observe our regulations regarding its use. The schedule of prices do not contemplate all night current and it is a useless waste of power to the company, as well as an unnecessary expense for lamp renewals to the consumers to so use it. For each five lights in service the customer is entitled to use one for all night service and any excess "all-night lamps" used will be charged for at a proportionate rate. Geo. S. Good ELECTRIC LIGHT CO. Patton, Pa., Oct. 1, 1901.

Grand Exhibition.

A grand exhibition and sale of rugs will be held at the Bon Ton store on Tuesday, October 15th. Mr. Donnelly has arranged with one of the largest importers and dealers in the country to have here at this time a complete assortment of rugs of all kinds, sizes and qualities, from the smallest to full room size. Whether you desire to purchase or not you will enjoy the display. Read his new advertisement in another column.

Jim Gillice's Opinion.

James Gillice, who is one of the strongest young Democrats in the county, makes the claim that the north of the county will roll up a large vote for Mr. O'Connor, Mr. Strauss and the whole Democratic ticket in November. Mr. Gillice says Democrats throughout the north of the county are very active and hopeful, and that there are scores of Republicans who will help the Democrats to victory.—Johnstown Democrat.

MAGEE AVENUE SEWERS!

Were Discussed at Length on Monday Night.

THE REGULAR SESSION

Of the Borough Council and the Business Transacted—Board of Health Voted the Appropriation Asked For—Councilman Deadlock Continues.

President Winslow and Councilmen Cordell, Campbell, McCormick, Gould and Probert attended the regular monthly meeting of the borough fathers held on Monday evening.

Gould, the chairman of the finance committee, reported that he had interviewed members of the Board of Health relative to the \$25 appropriation asked for and ascertained that the sum wanted was for a reserve fund in case of an emergency. Cordell moved that the appropriation be made and it was seconded by McCormick and carried unanimously.

Freeman Williams was present and asked that the board order the sewer laid on Magee avenue that was torn up when the hump was removed. The request provoked quite a discussion and resulted on motion of Cordell, seconded by Gould, in the council ordering new pipe to be laid, but refusing to lay the same, contending that the original sewer was not laid to grade and refusing all responsibility other than breakage on that account.

The sewer of Jesse E. Dale was relaid under direction of the street commissioner and an itemized bill will be made out for the work and presented to Mr. Dale for payment.

Joe Prysgoda was present to ascertain the cost of a new sidewalk that was laid in front of his premises by the street commissioner, but thought the bill of \$32.15 too large. The matter was laid on the table until the next meeting.

The election of a councilman to fill the unexpired term of E. O. Hartshorne came up next and three ballots were taken. The result was the same in each—three votes for Geo. E. Prindible and three for Geo. H. Curtman.

McCormick stated that Major W. H. H. Bell offered to open the set of books for the borough for \$50, and Winslow was authorized to state that Secretary Gillice would do the work for \$60. No action was taken. McCormick wanted to know how the cow ordinance was progressing, and was informed that it had not been drafted as yet.

Probert, of the fire and police committee, reported that the hose recently ordered had arrived with six spanners, but had not been accepted because the nozzle promised had not come. The agent will be here in a few days, when the matter will be adjusted.

Borough Engineer Yeger was present and wanted to know who paid for the grades established, the property owner or the borough. He was informed that an ordinance passed some time ago provided that the expense be borne by the property owner.

A petition was read signed by a number of residents of West Magee avenue, asking for a sewer on that street, starting at a point near the bridge on Sixth avenue and continuing as far as necessary. On motion of McCormick, seconded by Probert, the borough engineer was ordered to make a profile.

The following bills were ordered paid:

M. J. Ryan \$50, Patton Clay Mfg. Co. \$3, J. D. Lyons \$35, Dr. S. W. Worrell \$70, Jas. M. Gillice \$5, W. P. Jackson \$16, Lawrence Platt \$1, Jacob Thomas \$11.61, H. C. Yeger \$12, W. C. Prindible \$4.80, A. G. Storm \$28, Dan Jenkins, \$18.85, Eno Danielson \$3.50, Victor Lauer \$1.75, R. Truman \$1.40, Geo. Claplan \$1.40, Joe Marks \$7.88, Joe Kartheim \$14.40, Enoch Short \$2.40, Martin Thomas \$2.60, Jas. Sheehan .75, Jas. Mulligan \$14, John Christoff \$1.75.
