Of course they do. It is then way of learning and it is your duty to answer. You may need a dictionary to aid you. It won't answer every question, but there are thousands to which it will give you true, clear and definite answers, not about words only, but about things, the sun, machinery, men, places, stories and the like. Dyspepsia Cure A powerful engine can't be run with a weak boiler; and you can't expect to keep up the wear and strain of an active life with a weak stomach. Our boilers, or rather our stomachs, can't be replaced, and we cannot stop the human machinery while making repairs. But when the stomach is unable to digest enough food to keep the body strong, we can use such a preparation as Kodol Dyspepsia Cure. It digests what you eat, so that you can eat all the good food you want, without any distress after eating.
