ARCANUM FEES CUT.

Older Members Will Profit by the Re-adjustment of Insurance Rates.

The following statement concerning the final determination of the Royal Arcanum convention was authorized Monday by Supreme Secretary Robinson:

"An amendment was adopted providing that members more than 65 years old must pay only one-half of their assessments, and that the remainder may be charged against their certificates, deduction to be made when the benefits are paid.

"An amendment was also adopted for the reinstatement without new medical examination of members suspended since June 1, if they apply for reinstatement before November 1. The proposition to create a fraternal fund by annual contributions of 25 cents from each member, to be used in payments of assessments of aged members, was referred to an executive committee with power to procure the necessary state legislation, the proposition being contrary to the laws of the state of Massachusetts.

"The laws were amended striking out option 'D' by a very decided vote. We also made options 'B' and 'C' applicable to the present membership only, and restricted new members to a selection between the regular rates and options 'A.'"

A FOOLISH PLAN

It's a joy to eat—I welcome my dinner hour: Because I rout indigestion with August Flower!

Constipation is the result of indigestion, biliousness, flatulency, loss of appetite, self-poisoning, anemia, emaciation, uric acid, neuralgia in various parts of the system, catarrhal inflammation of the intestinal canal and numerous other ailments that rob life of its pleasures if they do not finally rob you of life itself.

"I'm bound in the bowels," is a common expression of people who look miserable and are miserable—yet who persist in "letting nature take its course."

What a foolish plan, when nature could be aided by the use of Green's August Flower, which is nature's own remedy for constipation and all stomach ills.

August Flower gives new life to the liver and insures healthy stools.
