NOT A PATENT MEDICINE.

Hyomei a Scientific Treatment for Catarrh by Breathing Medicated Air. Breathed through the pocket inhaler that comes with every outfit, Hyomei destroys all catarrhal germs in the air passages of the throat and nose, soothes and heals the irritated mucous membrane and effectually drives from the system all traces of catarrhal poison.

No one should confound Hyomei with the patent medicines that are advertised as catarrh cures. It is as superior to them all as the diamond is more valuable than cheap glass.

The complete Hyomei outfit, consisting of a neat pocket inhaler, a medicine dropper, and a bottle of Hyomei costs but \$1, and extra bottles can be obtained for 50 cents, making it the most economical method of curing catarrh, as well as the most reliable.

O. F. Wolf has sold a great many Hyomei outfits and has seen such remarkable results from its use, that he sells it under an absolute guarantee that it costs nothing unless it cures.
