PROLONGED THE AGONY!

Joint Conference Has Again Been Adjourned.

NO AGREEMENT AS YET

Miners and Operators Will not Meet Again Until Next Thursday—Believed that Operators Will Sign Scale When Stock of Coal is Exhausted.

The joint conference of the miners and operators at Clearfield adjourned yesterday afternoon without agreement. They will meet again Thursday and try to affect a settlement. It is the general opinion that the operators will eventually sign the scale and that all differences will be adjusted, but that they are in no hurry to do so until the present big stock of coal, for which they are now receiving fancy prices, is exhausted.

Hon. James Kerr, the president of the Beech Creek Coal & Coke company and chairman of the joint conference, however, in an interview is credited with saying:

"Up to this time there has been little or no progress made; the miners are demanding an increase of wages for pick mining equal to the wage scale of 1903, and for other wages in connection with coal mining that amounts to an average of 12 per cent. They also demand conditions of labor such as closed shop and a universal collection of dues and assessments from all labor employed, whether union or non-union, thereby giving to the leaders of the union mine workers, if granted, complete control over all the labor employed in the production of coal in this district. On the other hand the operators as a unit have agreed to continue the present wage scale, but insist that the employer shall have the right to employ or discharge when he pleases, whether union or non-union, and that the non-union man shall have the same right to employment as union miners. On these lines the operators have rested their case."

BEARER ELECTED CASHIER.

Meeting of Directors of New Grange National Bank of Patton.

Michael D. Bearer was elected cashier of the new Grange National Bank of Patton and F. J. Hartman attorney for that financial institution at a meeting of the directors held in Buck's Hall at 1 o'clock yesterday afternoon. Mr. Bearer is at present deputy sheriff of Cambria county and is a popular young man of ability who has a large acquaintance. That he will fill the responsible position with credit to himself and profit to the stockholders goes without saying. Mr. Hartman is a well known Ebensburg lawyer.

John A. Schwab, the president of the new bank, presided at the meeting and considerable business was transacted. The most important was the question of buying a building for banking and other purposes. The Goldstein block and Brady building were both under consideration, but no definite action was taken. A committee composed of T. M. Sheehan, H. S. Buck and J. S. McCoy were appointed to look into the matter with power to act.

A letter was read from W. H. Denlinger, the president of the Northern Cambria Street Railway company, inviting the directors to take a ride over the new trolley line, and they will avail themselves of the opportunity after the next meeting, which will be held on Monday, April 23.

TAKING EXAMINATIONS.

Employees of the New York Central Railroad Being Quizzed.

New York Central engineers, firemen conductors, trainmen and brakemen are taking the oral examinations, which are supposed to be held semi-annually.

Trainmasters on the Pennsylvania division are conducting examinations and the men are taking them in large classes. The questions asked are on the rules of the Pennsylvania division. The present slack business on the road gives the men ample time to attend the school.

Pennsylvania division road employees who have occasion to run over the Buffalo, Rochester and Pittsburg company tracks have been taking the examinations on a new book of rules, which recently went into effect on that road.

Some of the employees have been called in for physical examination and it is rumored that a relief system similar to the one in force on the Pennsylvania railroad will be started.

THEY WANT LEGISLATION!

Grange Held a Meeting Here on Monday.

AFTER THE RAILROADS

They Want a Flat Rate of Two Cents a Mile for Fare and the Right of Trolley Companies to Carry Freight—Other Proceedings of Session.

The Pomona Grange of Cambria county held its regular quarterly meeting in Buck's Hall on Monday, with J. A. Farabaugh, the vice president of the new Grange National Bank of Patton, as master. A large number of grangers were in attendance and the program as published in a previous issue of the COURIER was carried out.

The regular business of the order and the reading of the reports of the different committees occupied the morning session. A feature of the afternoon session was the discussion of the advisability of the county erecting an insane asylum. The matter was referred to the subordinate granges who will report at the next quarterly meeting of the county organization, when it will either be recommended or rejected. Several new members were given the fifth degree at five o'clock.

A legislative committee was appointed, composed of Alex Strittmatter, J. W. Hughes and W. K. Douglass. The committee on resolutions, John Thomas, J. W. Hughes and Alex Strittmatter, reported the following, which were adopted:

Resolved, That we favor the passage of the act now pending in congress for the removal of the internal revenue tax from denatured alcohol to be used for light, heat and mechanical purposes.

Resolved, That we endorse the present movement in congress for the rate regulation to secure relief from present discrimination in railroad rates.

Resolved, That trolley lines be given the privilege to carry freight.

Resolved, That the present 15 per cent appropriation by the state for the maintenance of the roads be increased to 50 per cent.
