ers do Not Respond.

Bishop Garvey, of this Roman Catholic diocese, went on record Sunday as favoring the entire congregation at sponses. Perhaps it would be better to say that he deplored the fact that they did not do so. The bishop confirmed a large class at Altoona and afterward made a few remarks to them. Among other things he complimented them on their singing, and told how inspiring it was to hear the young folks raise their sweet voices in songs of praise.

"It is unfortunate that the magnificent Gregorian music is not sung by the congregation, instead of confining it to a little box in the rear of the church. In earlier days all responses

were sung by the worshippers."

Soft Coal Strike Puts Sixteen Railroad Crews out of Business

Ten crews of New York Central railroad trainmen will do all the road work until business picks up. This was decided at a meeting of the trainmen's orders and the division officials were requested to reduce the road force to ten crews.

During the heavy traffic of the winter 26 crews were employed. This Squires, Leo Thomas, Joseph Whitemeans that 16 crews will be retired from the service until the strike is ended. Under the new order of things conductors who have been running trains for years will carry flags and brake. The engine crews have not been reduced yet, and it is said that they probably will not be.;
