### NEW MANAGER FOR H. AND C. OFFICE

On account of Mr. S. R. Morningstar resigning to accept a more lucrative position with the General Refractories company, with headquarters at Philipsburg, the H. & C. officials have appointed John C. Patton, of Curwensville, to fill the position made vacant. Mr. and Mrs. Morningstar have made many friends while here and we are all sorry to see them leave Indiana—Indiana Messenger.

### GIVE THE PAPER A CHANCE

We presume there never was a newspaper in any locality that gave all the local happenings. It is often that someone goes or comes that the reporter did not see. It happens that the family is missed several times. They get the impression that the editor does not care to mention them. This is a mistake. In most country towns the local work is the hardest work connected with a newspaper. A man may be a good editorial writer, but a flat failure in the local work, and vice versa. Editorial material is obtained by study, by reading newspapers, sometimes by using scissors. Personals and local happenings can't be read and clipped from papers. It takes physical as well as mental exertion to get out four or six columns of local news in a town of this size. Most people take the local paper to get the local happenings. Don't be afraid to tell the editor or the reporter that you have friends visiting you. There are lots of people who are interested in your friends. You owe it as a duty to them to let your friends know of their doings. Perhaps you think the paper shows partiality, but just see if the paper doesn't treat you right if you give it a chance.

So the people may know that you are in business, come in and let us show what we can do for you in the way of attractive cards and letter heads. Good printing of all kinds is our specialty and if we cannot satisfy you we don't want your business. That's fair isn't it.

## Jacob J. Swank Praises Tanlac Master Remedy

Retired Business Man Feels it a Duty to Make Facts Known

Jacob J. Swank, a retired business man, of 625 Napoleon St., Johnstown, Pa., said recently:

"I am a conservative man, and have especially been skeptical regarding endorsements of medicines of any character, although I have used many of them in attempts to obtain relief from catarrh of the head and throat and stomach trouble.

"I believe I had used almost every thing imaginable before I took Tanlac. At night, when I slept, which was poorly, I evidently swallowed accumulations of mucus, as I invariably awakened in the morning choked and nauseated. That is the way I judge that my stomach became affected.

"My hearing became impaired and the itching in my ears became almost unbearable, and there were roaring noises also. I had a most unpleasant taste in my mouth and scarcely any appetite.

"My condition was so distressing that I had almost determined to visit a dry salt climate to gain relief. I watched the introduction of Tanlac carefully and I finally decided, if so many men and women, of evidently sound sense used the medicine and said they were benefited, it would be worth my while to try it, although I really had no faith in it at the time.

"I was surprised, however. I began to improve rapidly under the Tanlac treatment. My whole system is now right, the accumulations in my nose and throat have disappeared, my hearing has improved, I eat better, my sleep is restful and I feel better every way. I now consider myself physically able to throw off any other symptoms.

"I am a well man and I propose to tell others of the good Tanlac has done me. I feel it is my duty to do so."

Tanlac, the Master Medicine that masters when everything else fails, is sold here by The Gunn Drug Co. where it can be had—adv.

## Chas. F. Pitt Co.

Patton, Pa.

The year 1916 marks the beginning of the fifth year which we have sold Leonard's Garden Seeds in Bulk. From a comparatively modest beginning our seed business has grown until our patrons are numerous and our sales are almost SIX TIMES greater than the first year we began to handle garden seeds in bulk. Here are some reasons why we have increased our seed business:

Because you get more seed for your money.

Because you get fresh seed instead of seed which may have been in packages for several years and sent back and forth over the country.

Because Leonard's Bulk Seeds are carefully tested before they are sent out to be sold.

Because over 5000 Market Gardeners around the City of Chicago use Leonard's Bulk Seed every year and prefer them to all other kinds.

There are many other reasons, but the above should be enough to show you that if you want the best and the largest amount for your money when you buy seed you should buy where you can get Leonard's Bulk Garden Seed, the BEST on the market for good gardeners.

When you want anything in HARDWARE, come to the store that has made its good reputation by selling only good goods.
