21 PRISONERS MAKE DASH FOR LIBERTY

Deputy Sheriff Shot, Another Beaten, Ten Recaptured.

Providence, R. I., March 22.—The most sensational break ever made by prisoners in Rhode Island was made in Cranston, in which Deputy Sheriff Tillinghast was probably fatally shot and Deputy Colvin beaten into insensibility.

Thirty-one prisoners, including one woman, who had been indicted by the grand jury, were in a large van en route for the state prison. Before leaving the Providence court house the men were handcuffed in gangs of four and five. Tillinghast was seated with the driver and Colvin was on the back step.

When nearing the prison a gang of five under the leadership of Edward M. Mason, colored, who was up for robbery, pulled Tillinghast backwards, got his gun and made him give up his keys, releasing sixteen of his fellow-prisoners from irons. In the meantime another gang fell upon Colvin, bore him to the road and beat him with a billy. Tillinghast was dragged through the van and as he fell from the rear was shot through the neck.

Word was sent to the prison and a posse started out with rifles, while aid was also sent by Sheriff Wilcox and the Providence and Cranston police.

The fugitives hid in nearby woods but were driven so hard that ten have been recaptured, although Mason, with Tillinghast's gun, and another, who has Colvin's revolver, are still at large.

Tillinghast was taken to the Rhode Island hospital where he was declared to be in a very bad condition.

BRIDGE SAGS UNDER WEIGHT OF SIX CARS

Suspension Viaduct at Johnstown Sinks Into River; None Killed.

Johnstown, Pa., March 22.—One thousand persons were panic-stricken while crossing the Little Panama river on a bridge connecting Johnstown and Franklin, when the suspension bridge began to sag in the middle. Within seven minutes the floor of the bridge touched the water, but there being only three feet of water in the river no one was drowned, although hundreds of persons were cut and bruised.

William Williams of Cooperdale was the most seriously injured and was brought to the hospital at Johnstown. Another man, unidentified, was hurt seriously.

The trolley cars, loaded with men from the Franklin works, were held up by a Pennsylvania railroad train until six were lined on the bridge. The center of the bridge sagged and the entire structure slowly bent. Eye witnesses say it required about seven minutes for the under side of it to reach the river bed. Both ends of the structure held fast to the piers.

Many of those who were hurt sustained their injuries when they jumped from the bridge into the river.

Keynote Not Named.

Chicago, March 22.—National Republican party chiefs have delayed the selection of a temporary chairman and official "keynote" of the June convention till the April meeting. The members of the sub-committee on arrangements were unable to reach an agreement among a field of suggested candidates and in the interest of harmony decided to adjourn the meeting for a month.

Morgantown, W. Va., March 22.—The West Virginia Equal Suffrage association, in its campaign for the suffrage amendment to be voted on in this state this fall, plans to convert the entire commonwealth into a yellow flower garden. Suffrage garden seed boxes are being sent to all parts of the state.

GRAFT CHARGED AGAINST INTERNAL REVENUE MEN

The charges of collusion have come principally from the accused manufacturers, some of whom are said to have declared they had been paying from \$1 to \$10 a week to revenue agents for "protection" against prosecution.
