AUSTRIA HOPES FOR NO BREAK

Would Not Join Germany Against the United States

AN HYPHENATED UPRISING

Threats Made That German-Americans Would Prove Good Fatherland Patriots in the Event of Cessation of Relations.

Budapest—The probability of war between America and the Central Empires is a grave concern to Austria and Hungary alike, for millions of Hungarians and Austrians in America would suffer considerably in case relations were broken off. Everything possible is being done in the Vienna foreign office to persuade Germany to evade a break. Austria-Hungary insists on being consulted and negotiations are going on between Berlin and Vienna.

Should a break occur, the Austro-Hungarian government will not take any official notice of it, and even if it should come to war between Germany and America, the monarchy will not take the alliance into consideration as is the case with Germany and Italy. The press is devoting marked attention to the situation.

German-Americans here said that should America break off relations with Germany, the German organisations in the United States would prove to President Wilson that it was the greatest blunder ever committed.

Bomb Plots Forecast.

One German-American said:

"German ships in American harbors will never be seized by the American authorities, for they will be blown up before war is actually declared. Every preparation has been made in America to anticipate the crisis, and no German tonnage will ever be added to American shipping. Germans in America are just as good patriots as those on the Russian and French fronts and will show that naturalization did not turn their hearts away from the Fatherland."

CZAR ESCAPES BOMB

Missile Explodes Few Feet from Monarch, Wounding Private.

Petrograd.—Czar Nicholas had the narrowest escape from injuries or death he has experienced since the outbreak of the war. A bomb hurled from an Austrian aeroplane aimed at the Russian Emperor fell a few yards away and wounded a private.

The Czar, unmindful of the urgent pleas of his staff officers to seek cover, at once hurried to the wounded man and decorated him with the Order of St. George. Bombs still flew thick and fast but he remained unharmed. Meanwhile Russian aviators ascended and engaged the Austrian, finally driving him off.

Peasants who witnessed the escape knelt and kissed the tails of the monarch's coat reaffirming the tradition that the "little father" is immune from earthly injury.

HOLLAND READY FOR WAR

Dutch Willing to Tackle England or Germany.

The Hague—Holland is approaching a sensational development of the war, which she has anticipated by a push forward. She approached the turning point in the great struggle when she suspended all army furloughs, and her sword will be drawn against any or all invaders, as the government, backed by the whole people, is determined that Holland's neutrality will be absolute.

PICNIC FOR TWINS ONLY

Indianapolis—All their lives the Hoover and Small twins have been busy explaining they are not the other fellow, and decided something should be done about it started plans for a mid-summer picnic, to be attended by all the twins of the city. It will be known as "twins picnic."

D. A. R. Meets In Washington.

Washington—The twenty-fifth continental congress of the Daughters of the American Revolution met in session here. The president general, Mrs. William Cumming Story, presided. President Wilson addressed the body.

License Author Dead.

Philadelphia—William H. Brooks, 74, of this city, who introduced high liquor license law which bears his name, died at his home here. He was a member of the House of Representatives from 1883 to 1891.

Woman Shoots at Socialist.

London—From Berlin reports that a woman fired two shots from a revolver at Dr. Karl Liebknecht while the Socialist member of the Reichstag was walking in the street. Both shots missed. The assailant was arrested.

MARION LETCHER

Marion Letcher, United States consul at Chihuahua city, the center of Villista activity, would find difficulty in getting out in case of actual danger. Mr. Letcher, who is thirty-four years old, was a company commander in Cuba during the Spanish-American war, and has been in the consular service in Mexico for more than five years.

KAISER HOPES TO PREVENT BREAK

Thinks Submarine Controversy Can Be Settled

Berlin—In spite of pessimistic reports from English sources, officials expressed confidence there will be no breaking off of diplomatic relations between Germany and the United States.

The foreign office considered the cases of the four freighters mentioned in President Wilson's last inquiry to have been closed by the German reply that they were sunk in accordance with the rules of cruiser warfare. Germany, however, is willing to meet the United States half way and do everything in her power to avoid a crisis with respect to the channel packet Sussex.

Officials have steadfastly refused to give any intimation of Germany's future course, pending receipt of the next communication from Washington. It is understood, however, the Foreign Office will give most careful consideration to any evidence the United States may submit with reference to the Sussex. If that evidence overwhelms the statement of the U boat commander that he does not believe the steamer he attacked was the Sussex, Germany will gladly disavow the attack and make full reparation.

Over in Somerset county, Pa., they recently jailed a man for shooting at his wife. We may well pause and ask what this country is coming to when a man's liberties are so abridged that he can no longer shoot at his wife without being arrested and jailed for it.

FOR BRONCHITIS, WHOOPING COUGH, CROUP, COUGHS AND COLDS

Make the Best Remedy at Home—128 Teaspoonsful for 50 cents.

If everything was sold in as liberal and fair a manner as the below named druggists are selling Schiffmann's New Concentrated Expectorant, absolutely no cause for complaint or dissatisfaction could possibly arise from anyone. These druggists say—"Buy a bottle of this remedy and try it for Bronchitis, Whooping Cough, Severe Cough, Croup or any Bronchial Affection, and we will return your money, just the same as we do with Schiffmann's famous Asthmador, if it does not give satisfaction, or if not found the best remedy ever used for any these complaints." Why not take advantage of this guarantee and try this medicine, and get your money back, rather than buying another bottle of the exaggerated claims of its manufacturer or on the strength of testimonials from others and run the chance of getting something worthless and also wasting your money?

In buying this remedy, besides securing an absolute guarantee of its efficiency from these druggists, you also get about eight times as much medicine as you would in buying most any of the old-fashioned, ready-made kinds, which average from 20 to 32 teaspoonsful, because 50c worth makes a whole pint (128 teaspoonsful) when mixed at home with simply one pint of sugar and one-half pint of water. This remedy positively does not contain chloroform, opium, morphine or any other narcotic. It is pleasant to take and children are fond of it. You will be the sole judge, and under this positive guarantee absolutely no risk is run in buying this remedy. Druggists everywhere are authorized to sell it under the same guarantee as Schiffmann's famous Asthmador of "Money Back" if not perfectly satisfactory. R. J. Schiffmann, Proprietor, Saint Paul, Minn.
