Facts Versus Fallacies

FACT is a real state of things. FALLACY is an apparently genuine but really illogical statement or argument.

WEST VIRGINIA is a "dry" State—that, is, sometimes. To those travelers who, of necessity, must go to West Virginia, and who do not know the method quite as well as the inhabitants of "dry" territory of getting a drink when he wants it, the way is open to bring your alcoholic beverage with you. How well this is accomplished, and by what proportion of travelers it is done, is best shown by the attached clipping from a Philadelphia paper.

Of course, if 99 out of every 100 persons going into West Virginia carry liquor with them as "medicine," only one lone man out of the one hundred must be in first-class physical condition. Or, perhaps, this one man knows just where he can get his drink in "dry" West Virginia, and thinks it a foolish claim on his physical resources to carry it with him.

THE one FACT that this newspaper clipping makes manifest is, that to deny a man that which he considers his right, is the quickest method to make him go out of his way to procure—even if he wants it or not. It is merely

going "dry" is a dry treasury. And the FALLACY of prohibition is shown by the FACT that her citizens find little difficulty in getting what they want to drink—while 99 out of every 100 of her visitors carry their "medicine" in with them!

99 OF 100 TAKE LIQUOR INTO WEST VIRGINIA

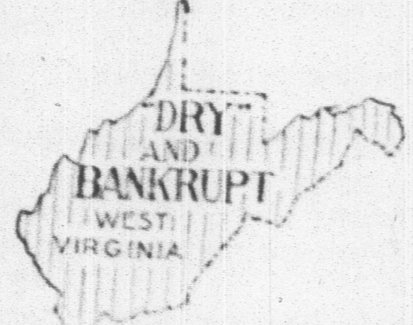

Trains From Ohio and Kentucky Patronized by Men Who Need "Medicine"

CHARLESTON, W. Va., Nov. 11.—Reports made to State authorities since the inauguration of a plan to dry the State of all persons bringing intoxicating liquors into West Virginia, and the quantity carried show that 99 out of every 100 men boarding trains in Ohio and Kentucky carry with them a supply of liquor varying from one quart to five gallons.

As the nature appearing itself. Surely 99 out of every 100 men going into West Virginia would not really want to carry liquor into that State. But they were told that the sale of liquor was forbidden in West Virginia, so they took liquor with them—whether they wanted it or not.

PROHIBITION has always proven a FALLACY—it has never yet proven that it prohibited. Disorder and lawlessness always have followed in its wake—steak and subterfuge practiced to procure liquor where heretofore, under lawful, regulated license, underground methods were unnecessary.

UNDER "dry" conditions West Virginia is practically bankrupt. It loses about \$200,000 annually that heretofore was paid for liquor licenses—and there has not as yet been devised any way to make up this deficit. What West Virginia gained by Virginia gained by

LEADERS QUIT: REVOLT DIES

707 IRISH REBELS SURRENDER BUILDINGS BURNED

CHIEFS GIVE STOP ORDERS

Seven British Officers Killed by Snipers While a Score Are Wounded—Countess Among the Prisoners—Postoffice Destroyed.

Kingstown, Ireland.—The main body of the Sinn Féin rebels in Dublin has surrendered.

There was considerable fighting in Dublin and it was especially severe just outside Dublin. The proclamation issued by Provisional President Pearse, advising the surrender of all the rebels, follows:

In order to prevent the further slaughter of unarmed people, and in the hope of saving the lives of our followers, who are surrounded and hopelessly the provisional government, at our numbered, the members of headquarters have agreed to unconditional surrender, and the commanders of all the units of the Republican forces will order their followers to lay down their arms. (Signed) PEARSE.

Revolts is Broken. London.—An official statement is issued by the official press bureau regarding the rebellion in Ireland says: The rebels are surrendering freely. The back of the rebellion has been broken.

"All the leaders of the insurrection are reported to have surrendered unconditionally. It also is reported that the Four Courts district has been recaptured."

Another announcement issued says: "Seven hundred and seven prisoners have been taken, including the Countess Markievicz."

Rebels Fire Postoffice. The postoffice, main stronghold of the Sinn Féiners, was fired by the rebels themselves and is in ruins. The Metropolitan Hotel, nearby, also was destroyed by fire. Both sides of Sackville street are practically burned out. Most of the public buildings in Tabet street were destroyed, as was the Eden Quay.

DAIZ REVOLT GAINING

Oregon is Regarded Dominant Factor in Carranza Government.

Monterey, Mex.—That the Felix Diaz revolt against the de facto government in Mexico has progressed, is generally believed here. Carranza authorities are in possession of evidence that agents of Diaz are using every possible means to circulate their propaganda all through Northern and Central Mexico. It would cause no surprise here should a widespread revolt of Carranza forces occur at any time.

Oregon Real Dominator.

As the situation is viewed here, Gen. Alvaro Obregon, Minister of War, and Gen. Pablo Gonzalez are the real dominating factors of the so-called Constitutionalist government, and were opposed to permission being granted for the American punitive military expedition to enter Mexico. It is Obregon who now issues orders and considers the questions of diplomacy.

German Popularity. It has been observed that Germans are very popular in military circles of Mexico at this time. There is no means of knowing to what extent this foreign element is responsible for the anti-American sentiment stirred up all over the country, but that such agencies have been at work is evident.

Town Elects Entire Women's Slate. London, Mills, Ill.—At the village election a complete women's ticket was elected, consisting of village clerk, three village trustees for one year, one village trustee for one year, and a village treasurer.

Ten Thousand British Surrender.

London.—Another phase of the ill-fated British campaign in Mesopotamia has closed with the garrison at Kut El Amara. More than 10,000 men in all laid down their arms to the Turks, after having destroyed all their guns and munitions. Gen. Townshend held out for 143 days, his supplies steadily growing lower as he awaited the relief army.

Cloak Makers Locked Out. New York.—A lockout throwing between 30,000 and 40,000 garment-making employees out of work in more than 600 shops was declared in effect by the Cloak, Suit and Skirt Manufacturers' Association.

Copper Production Increased. Washington.—Stimulated by the enormous demand resulting from the war, copper production in the United States reached and passed the two billion pound mark for the first time in the history of the industry.

Those suitable for lawn and shade trees include white elm, 55 feet; yellow, red and canoe birch, 30 feet; white ash, 45 feet; cucumber tree, 50 feet (take small size and plant in spring only); sycamore, 45 feet; red scarlet and pin oaks, 45, 35 and 30 feet, respectively; silver or royal willow, 40 feet; American linden, 45 feet.

The following are suitable for both avenue and lawn planting: Red and sugar maples, white elm, white ash, sycamore, red and scarlet oak, and American linden.

SALGELD—McEWAN

South Fork, April 26.—Miss Esther E. Salkeld, daughter of Mr. and Mrs. John Salkeld, and David McEwan, Jr., son of Mr. and Mrs. David McEwan, Sr., were married at 8:30 o'clock Monday morning at the parsonage of the South Fork United Evangelical Church by the Rev. F. E. Hetrick. They were attended by Miss Hazel McEwan, a sister of the bride, and William Crompton, both of South Fork.

MINISTER GIVES GIRLS TWELVE GOLDEN RULES

Cleveland, April 29.—"Twelve Golden Rules for Young Ladies" was the subject of the sermon delivered by Rev. Thomas Hughes, pastor of the Rocky River Methodist church, on Sunday night.

The twelve rules are: "Always remember to be a lady. "Don't be loud and boisterous. "Be modest and virtuous. "Choose carefully your company of both sexes. "Open your eyes and ears, but keep your heart closed to the gush and nonsense from so-called lovers. "Be careful about your dress. Have it becoming and tasteful. "Be more careful about what is in your head than what is in your heart. "Don't be self-conceited. "Don't keep company with a sinful young man. "Think carefully and prayerfully about your wedding day. "Be considerate about the time and money of your gentlemen friends. "Be true to the best ideas of womanhood."

Northern Lights Seen

Ebensburg, April 28.—The northern lights were playing over the horizon tonight for the first time in many years. All Ebensburg watched the rays flicker and flare over the northern horizon and reports from nearby towns were to the effect that the phenomena was also visible from them. It is said that these lights were seen from the hilltops of the north county for several weeks just prior to the outbreak of the civil war.

FOR BRONCHITIS, WHOOPING COUGH, CROUP, COUGHS AND COLDS

Make the Best Remedy at Home—128 Teaspoonful for 50 cents.

If everything was sold in as liberal and fair a manner as the below named druggists are selling Schiffmann's New Concentrated Expectorant, absolutely no cause for complaint or dissatisfaction could possibly arise from anyone. These druggists say—"Buy a bottle of this remedy and try it for Bronchitis, Whooping Cough, Severe Cough, Croup or any Bronchial Affection, and we will return your money, just the same as we do with Schiffmann's famous Asthador, if it does not give satisfaction, or if not found the best remedy ever used for any of these complaints." Why not take advantage of this guarantee and try this medicine, and get your money back, rather than buying another purely on the exaggerated claims of its manufacturer, or on the strength of testimonials from others and run the chance of getting something worthless and also wasting your money?

In buying this remedy, besides securing an absolute guarantee of its efficiency from these druggists, you also get about eight times as much medicine as you would in buying most any of the old-fashioned, ready-made kinds, which average from 20 to 32 teaspoonful, because 50c worth makes a whole pint (128 teaspoonful) when mixed at home with simply one pint of sugar and one-half pint of water. This remedy positively does not contain chloroform, opium, morphine or any other narcotic. It is pleasant to take and children are fond of it. You will be the sole judge, and under this positive guarantee absolutely no risk is run in buying this remedy. Druggists everywhere are authorized to sell it under the same guarantee as Schiffmann's famous Asthador or "Money Back" if not perfectly satisfactory. R. J. Schiffmann, Proprietor, Saint Paul, Minn.
