### Baptist Church

At the Baptist Church worship at 10:30 A. M., and 7:30 P. M. In the morning Pastor E. G. Zwayer will preach on "How a Little Boy Heard God Speak," or "Listening to God's Call. This is a theme in which everybody old and young is interested. In the evening the subject will be "How a Queen's Treasurer Was Converted." The ordinance of baptism will be administered. Special singing by the choir. Sunday school at 2:30 P. M. It is gratifying to see how well the attendance keeps up during the summer. Let every member of the School be present. If you do not belong to a Sunday school, come to ours. Young People's meeting at 6:45, just for three quarters of an hour before the regular service. Everybody welcome to all meetings.

Sunday school at the Chapel at Riley's at 10:30 A. M. Also services Sunday evening. Week-night service Friday evening. All who live in that neighborhood are cordially invited to these meetings.

Children's Day last Sunday morning at the Chapel was a splendid affair. Everybody was delighted with the programme, and all who took part filled their places perfectly. The climax was reached in the beautiful emblematic piece "Heralds of the Cross."

Last Sunday evening the delegates to the Clearfield Association have reports in place of the regular preaching service. The associational gathering was the best ever held. The reports showed that the Patton church stands in the front line, having reached the requirements of the great Five-Year programme both in the matter of missions and the number of baptisms. Rev. Zwayer preached the doctrinal sermon at the Association, and it was voted to print his entire sermon both in the minutes and in the "Commonwealth."

The spirit of revival continues in the church. Last Sunday evening

# CORSETS

Do you realize how much your appearance depends on your figure and carriage, how much easier and more economical it is to dress and look well if your frame is fitted with a Corset made to fit with comfort and style.

The term "Natural figure" which is so often heard nowadays in connection with the new Corset, should not mislead a woman into thinking that it means an uncorseted figure. That would be a dangerous fallacy. Physicians and Surgeons agree that the body requires support of a good Corset.

In the new Corset the bust slightly higher, at the waist it is perfectly flat, at the front and back and shows the curve of the figure at the side. The hips is the normal size. Under the new full skirts there is no need to submit to discomfort to reduce the hips and make them abnormally small, for the same reason the Corset is not out as long as in former seasons.

We carry for your approval two widely advertised Corsets. The Gosard Corset which laces in front also The Madam Grace Corset in both styles, front and back lace. Our Spring shipment has just arrived which includes the new flesh shades.

### Methodist Church

METHODIST CHURCH  
Bert A. Salter, Pastor.  
Morning and evening service at the Methodist Episcopal church at 11:00, and 7:30. The A. M. subject is "The Lord's Inquiry," the evening "The King's Message."  
The Sunday school at 10:00. This is the place that every parent should take their children. It is far better than sending them. Epworth League at 6:30. The place where the young people train for service, you should attend these meetings.

On Tuesday evening the Rev. D. D. Kaufman the former pastor will deliver a lecture. It will be under the auspices of the Epworth League. Those who are acquainted with the speaker will be delighted to hear him again.

We were asked this week if Patton had a "Board of Trade," we were compelled to say NO. What do you say Mr. Business man, will you help if we try to organize a "Board of Trade?"

"Gust" has become quite a musician since he came back from Johnston, but a little goes a long way.

William J. Morgan, Superintendent of the Patton Silk Mill made a business trip to New York City the past week.

### Presbyterian Church

OUR UNEDUCATED GRADUATES

Little Talks on Health and Hygiene by Samuel G. Dixon, M. D., LL. D., D. Sc. Commissioner of Health

A great essential has been neglected in the education of the tens of thousands of young men and women who are graduating from the high schools and colleges of the country. They are presumed to have been fitted to meet the responsibilities and problems of life. In the majority of instances, they have had mental but not physical education.

Some few have devoted themselves to a greater or less degree to competitive sports. This number is but a small fraction of those who pass through our schools. Our curriculums are often so planned that they make physical development difficult or impossible. To lay the foundation of health there should be proper physical training under the supervision of specially trained medical men beginning in the elementary school and going through the college course. A few years of training in youth and early manhood and womanhood would serve to install habits of personal hygiene which would add immeasurably to our future welfare, individually and as a Nation.

In every activity of life good health is a primary essential. No mental attainment can make up for a puny, ill-nourished, ill-developed body. Lack of well developed physique almost invariably proves a handicap to achievement. Our present system has failed to bring about a balanced education of mind and body. Individual efficiency and preparedness for the uncertainties of life depend upon this.

Today Sweden is leading the world in systematic education with a resulting high average of citizens intelligently prepared to take their part in the defense of their home. Three thousand years ago the Greeks appreciated and practiced in the education of their youth this happy combination. It was this training that produced the scholars and heroes whose names live in the world's history.

The county commissioners are now advertising for bids on the two miles of brick road to be constructed between Ebensburg and Cresson. The bids will be received up until Thursday, June 29.

## He Showed That Surgeon's Knife Left Bad Scar

Goebel Suffered Great Pain, Which  
Avalued Him Nothing Toward  
Recovery

There are scores of residents of Erie who are familiar with the condition of Louis Goebel, the well-known carpenter and all have sympathized sincerely with him in his suffering.

Mr. Goebel exhibited an ugly cross-like scar on the outer surface of his abdomen.

"That is what the surgeons did for me. I was in the hospital for three months. They thought I had gall stones in my bladder, and I was told that the inflammation substances had overflowed to my stomach.

"They operated on me. Yes, sir, cut me open, and after all of that suffering I had no results from the operation.

"I have been unable to work for a long time. Nearly everybody who knows me, knows that I am telling the gospel truth. Yes, sir, this Tanlac has done what the knife couldn't do for me. I have used one single bottle of Tanlac and I feel like a new man. I am improving every day, getting my strength back. I expect to continue taking this Tanlac and I'm going back to work soon. This Tanlac has done more for me than everything else combined, and I have taken, I guess, barrels of medicine. It's certainly like a miracle."

Tanlac is now sold in Patton exclusively by the Gunn Drug Company where the premier preparation can now be had.
