William R. Kibler, who for the past four years has been employed by the insurance firm of Parnell and Cawber Company, tendered his resignation last week on account of serious illness. His many friends join in hoping that a complete rest will restore his health.

CELEBRATE GOLDEN WEDDING
Mr. and Mrs. William H. Connell, two of Ebensburg's oldest and best-known citizens, on Monday, celebrated their golden wedding at their residence on Horner street, their having been united in marriage there by the late Rev. Father E. C. Christy, pastor of Holy Name Catholic church, Jan. 29, 1867.
LEATHERLESS SHOES
The proposition of Milwaukee manufacturers to displace leather in shoes by a canvas shoe with rubber reinforcing shows that we shall not necessarily have to come to the wooden shoe as time goes on. The rubber and canvas will evidently serve the purpose after a fashion. This relieves also the prospect that we might have to take up with the barefoot custom, which would go hard in our climate till we get accustomed to it. Our civilization has plenty of resources yet.

BARNESBORO NEWS

Morris Silver and family spent Sunday visiting friends at Bakerton.
Mrs. Fred. Sherwin is confined to her home with a bad case of pneumonia.

SEAT SALE OPENS FOR MRS. FISKE
The management of the Misher Theatre, Altoona, announce that seats are now on sale for Mrs. Fiske's engagement Monday evening, February 24th in Marian de Forest's new comedy "Erastine Susan." The attraction comes to Altoona after a run of six months last season at the Gaiety Theatre, New York, bearing the enthusiastic endorsement of every metropolitan critic. The engagement promises to be a brilliant occasion socially as well as theatrically owing to the wide popularity here of Mrs. Fiske. The dramatist has supplied the actress with a role of extraordinary originality and whimsical humor.
L. D. PITTMAN APPOINTED JUSTICE OF THE PEACE
Among the appointments announced from the governors office on Monday was Leonard D. Pittman justice of the peace at Cherry Tree. Charles J. Harrison, Jr., was appointed a justice in Seneca.

WISE AND OTHERWISE

The general war caused among the allies by President Wilson's little note shows that at least it wasn't ignored.
During all the excitement the Sultan of Turkey maintains the silence becoming a man who has not much real say in the matter.
Carranza has evidently been too busy to take proper interest in Pan-American sentiment.
Our exports of American pianos during 1916 were the largest ever known, the growing fields being Australia, South Africa and Argentina. Thus do we "brighten the corners" of the world.
Most everybody who is qualified to guess, believes that, large as the business of 1916 was, that of 1917 will be even larger.
T. R. is again making life a busy experience for the man who boasts that he has read everything the Colonel ever wrote.
Was is just about the same sort of "tonic" for a nation that over-indulgence in whiskey is for the individual.
Fortunate is the man who can give a good bank account of himself daily.
The strike prophets were fortunately in error in their predictions for January.
Surely the estate allies have a gift approaching genius for blundering southeastern Europe.
Has Germany concluded that Zepelin raids on England lately have been expensive?
"Sing Sing" appeal for more barbers may be granted, although many evidences have escaped getting there by a close shave.
Of course you know the names of the three islands that we are acquiring from Denmark.
And the printing press is responsible for many of the revolutions of the world.
The man who buys his friends looks for a cash discount.

MARSTELLER

Mrs. J. Howe, of Patton, is spending some time at the home of her son John Howe.

Mr. and Mrs. A. F. Miller and two children were the guests of the former's parents, on Sunday, near Spangler.
Miss Lauretta Cookley, was taking in the sights on Sunday, by way of Bakerton, Spangler, Barnesboro and returned home in the evening. She enjoyed the ride very much.
Wm. Hunter had a very narrow escape on Friday. He was driving a team on a very dangerous piece of road, the sled swinging around and stopped suddenly. He held to his team and was thrown off. He received some bruises about the face and knee. He is confined to his home and is not able to work.
The Misses Agnes and Mildred Kline, spent Sunday at the home of Mr. and Mrs. Geo. Kline.
Mr. and Mrs. Arthur Dukes, Mr. and Mrs. Edward Mailly, autoed to Barnesboro Sunday evening to see the former's mother, Mrs. Henry Mansell, who is ill.
Mr. and Mrs. H. Morris had out of town visitors over Sunday.
Rev. N. B. Kline, of Spangler, was the guest of Mr. and Mrs. Wm. Hunter over Sunday.
A stabbing affair here on Sunday evening. Some foreigners met at the home of Joe Bellog and a quarrel started. The result was that one of them was pretty badly stabbed. The name was not learned.

PRODUCING HIGH QUALITY EGGS

A good quality of eggs when produced may be sold at an increase price to hotels, drug stores and private consumers. No specific directions can be given for the marketing of eggs, as local conditions are so varied. The individual farmer must create his own market or markets.
Approximately 18 per cent of all eggs produced are a whole or partial loss before reaching the consumer. A greater part of this loss could be prevented if more attention were given to proper handling.
In extension circular No. 47 of the Pennsylvania State College school of agriculture and experiment station, F. D. Crooks, offers the following suggestions to help raise the quality of farm eggs:
1. Breed only from hens which lay eggs of desired size, shape and color.
2. Provide one nest for every four or five hens in the laying flock.
3. Do not wash eggs; water removes protective coat of the shell and allows the dirt to be rubbed through the pores into the egg.
4. Keep nests clean, avoiding dirty eggs.
5. Produce infertile eggs for market as infertile or sterile eggs will not hatch nor will they spoil as quickly as fertile eggs.
6. Gather eggs as often as possible and keep in cool, dry, well-ventilated place. Eggs absorb odors and should not be kept near decaying vegetable, kerosene, etc.
7. Sell only fresh, clean, good sized eggs. Use small, odd-shaped and soiled eggs at home. Do not hold eggs for a rise in price.
8. Ship only in clean, new standard 30-dozen cases.

WINTER POULTRY MENU

Sprouted oats, cabbage or mangels for succulence should supplement the grain feed given to poultry, especially during the winter season. To sprout oats, they should be soaked in lukewarm water for 24 hours and spread out in shallow box in layer one inch deep. The oats should not be fed until it is four to five inches high. About one square inch per hen daily, is the amount recommended for feeding by the Pennsylvania State College. If the oats mold, ten drops of formaldehyde should be added to a bucket of water when the oats are soaked. Cabbage and mangels should be suspended by a rope or wire so that the hens will secure exercise in jumping for them. Grit and oyster shell should be kept in hoppers or boxes at all times. Granulated charcoal is beneficial in absorbing gases and correcting disorders of the digestive system in hens. It may either be mixed with mash or fed alone in hoppers.
