

Senators Penrose and Knox Favor Suffrage Referendum

BOIES PENROSE

P. C. KNOX

Women's Legislative Work at Harrisburg Completed With Endorsements from Pennsylvania's Representatives in Upper Legislative Branch of Government—Vare and Brumbaugh Also Urge Action

Representatives of the suffragists throughout the state who have been at Harrisburg in the interest of the woman suffrage amendment, have announced that their legislative work was completed several days ago with practically all leaders and forces aligned in favor of their measure.

Included in their endorsements, the suffragists announce that both Pennsylvania senators have come out strongly in favor of another referendum in 1920. Senator P. C. Knox, formerly Secretary of State, having added his approval to that of Senator Senator Boies Penrose, Edwin H. Vare, who is Senator Penrose's opponent in Pennsylvania, is the suffrage leader in the State Senate, and Governor Brumbaugh also represents the opposing division in the Republican party, urged another referendum in 1920 in his message to the Legislature.

Senator Penrose's endorsement follows:

I will do everything I can to help put the woman suffrage amendment through both the 1917 and 1919 sessions of the Legislature, and, in addition, will endeavor to interest my friends in helping to have it passed.

In a letter to Mrs. J. O. Miller from Valley Forge, Pa., Senator Knox said:

I am in favor of a resubmission of the suffrage amendment to the voters of Pennsylvania in 1920. Senator Vare's official statement follows:

I have always believed and still believe in women getting fair play. My friends and I have advocated for woman suffrage in the state Legislature and helped to pass the woman suffrage amendment two years ago. It was defeated in the state by a very small

majority, largely because of the size of the ballot used at the 1915 election. I shall vote and work for the amendment again at Harrisburg this year.

Governor Brumbaugh's statement concerning woman suffrage in his message to the Legislature reads:

Two years ago I asked you to submit the question of an amendment to the Constitution permitting women to vote. You did so. The amendment was defeated. Since then a great national election has been held and women have more largely than ever exercised the franchise. They should be allowed another opportunity to lay their claims freely and fully before the people and I request that your action may be favorable in this matter.

LABOR ORGANIZATIONS PASS 288 RESOLUTIONS ENDORSING WOMAN SUFFRAGE

As the result of several legislative making inquiries relative to the sentiment of labor throughout the state concerning woman suffrage, members of the legislative committee of the Pennsylvania Woman Suffrage Association, although already having in their files numerous endorsements by labor organizations, inaugurated an entirely new referendum among unions. The result, the suffragists announce, is that in less than three months 288 labor organizations in all sections of the state have passed resolutions endorsing the woman suffrage measure introduced in the House of Representatives and calling upon the members of the legislature to pass the resolution. The canvass by the women shows practically a unanimity of favorable sentiment of labor throughout the state.

In addition to these resolutions, passed by organizations representing practically every phase of labor in the state, the suffrage organization has on file endorsements from practically all national labor organizations.

NEW GAME CODE SEEMS CERTAIN

Fifteen Acts to be Codified Into One Law.

IMPOSE NEW RESTRICTIONS

Effort Being Made by Committee to Straighten Out a Few Protesters and It is Probable the Code Will Go Through Both Branches Without a Fight.

Harrisburg, Pa., April 29.—As a result of much hard work on the part of the senate and house game committees, a new game code will in all likelihood be placed upon the statute books at this season of the year. The changes and additional restrictions are of much interest to hunters and sportsmen.

Though the code has not yet passed either branch, it is safe to predict that it will have little difficulty, as the committee is spending considerable time in ironing out certain protests that were urged against provisions in the code as originally presented.

REP. RICHARD POWELL, Chairman of House Game Committee.

The code was introduced by Representative Milliron, of Armstrong county, and he and Representative Powell, of Luzerne, chairman of the game committee, have it in charge. Mr. Milliron is much interested in the subject of hunting, but he is also interested in the rights of agriculturists and does not believe in putting through a law for hunters that will not conserve fully the interests of the large property owners who till the soil. Mr. Powell is an authority on game and game laws of all the states and as chairman of the committee is desirous that Pennsylvania should have the best possible act regulating the sport.

Main Provisions of Code.

As the code stands it codifies the fifteen game laws of the state into one act. The code will in all probability go through with the following restrictions imposed:

It will be unlawful to kill, or to sell, or offer for sale, or with intent to only the body or plumage of any such bird to or from this state for any purpose, excepting that of the bluejay, the English sparrow, the European starling, the Goshawk, sharp-shinned hawk, Cooper's hawk, red-tailed hawk, in fact all our hawks, excepting the night hawk, may be killed at any time and in any way as may also the owl, the raven, the crows and the heron.

There shall be no hunting or shooting at or chasing of game on Sunday; and the open seasons for game birds and animals are as follows: For ruffed grouse, commonly called pheasant, for Virginia and Hungarian quail, woodcock, ring-neck pheasant, gray, black and fox squirrels and rabbits and hares, from October 30 to November 30, inclusive; for raccoon, from September 1 to January 31; for bear, from October 15 to December 15; for deer, from December 1 to December 15 (only male deer with horns extending not less than two inches above the hair may be killed); for rath, foot, muskrat, snake and shore birds, except woodcock, from September 1 to November 30; wild water fowl, September 15 to January 31; upland or grass plover and blackbirds, August 1 to November 30.

Other Provisions.

The bag limits provided are as follows: Deer, one male deer, with horns as above, in one season; bear, one in one season; wild turkey, one in one season; ruffed grouse, five in one day, twenty-five in one season; woodcock, ten in one day, twenty-five in one season; ring-neck pheasant and Hungarian quail, four in one day, ten in one season; squirrel, six in one day (combined kinds), twenty in one season; rabbits, twelve in one day, sixty in one season; hares, three in one day, fifteen in one season.

The game commission is given authority to pay for damage actually done by deer or bear to crops or live stock; and the property owner is permitted to kill a bear which is damaging his property at any time, or to pursue and kill it within forty-eight hours of the damaging of said property.

The old laws regarding the chaining of game by dogs and the open season for training dogs are re-enacted.
