Ask anyone who has seen "The Slacker," what the best picture of the year is; what picture causes an audience of all classes to stand and applaud. Try to find anyone who has seen through this wonderful picture dry-eyed.

At a recent meeting of the Pastors of Patton held in the Baptist church, arrangements were made for the union Thanksgiving service. The service this year will be held in the Presbyterian church. If Rev. Schnebley's successor has been called by that time, he will preside. It is not, Rev. Peters will preside. Rev. Zwyer of the Baptist Church will preach the sermon, and Rev. Peters of the Methodist church will offer the Thanksgiving prayer. The offering taken will as usual be devoted to the Spangler Hospital.

"MOVIE" EXHIBITORS ARE PATRIOTIC

The United Civil Service Commission has received an expression of the patriotism of practically all the exhibitors of motion pictures in the United States. The Government is in need of thousands of typewriter operators and stenographers of both sexes for war work in Washington, and through its 2,000 local boards of examiners in that many cities, the Commission requested the owners and managers of motion picture theatres to allow free of charge an announcement on their screens of this need of the Government. The refusals were few as to be negligible. Not more than a hundred of the 20,000 odd exhibitors who were approached declined to render to the people the services asked. Even these can not be charged with disloyalty; most of them held decided views as to their duty to their patrons who pay for entertainment only. The only criticism of the Government came from three exhibitors who declined on the ground that it was proposed to place a tax on motion picture tickets. One owner asked compensation in the sum of 25 cents a week, and another stipulated that he was to be relieved from any responsibility for damage to the slides furnished by the Government. The slides cost less than 10 cents a piece. Almost without exception the "movie" men were not only willing, but were eager to serve the Government in the manner requested. This hearty response from 20,000 business men representative of every part of the country has a striking significance. It is interesting to note in this connection that the estimated daily attendance at motion pictures shows in the

Search the records back to the beginning of the industry and try to find a more timely or better advertised title than "The Slacker." If you have seen the picture, could you have selected any one else to play the lead as did Emily Stevens?

NO WORD YET FOR THE NEXT DRAFT

Negroes From This District Leave For Camp Next Saturday

LAST DESERTER APPREHENDED

The local examination board has as yet received no word concerning the sending to camp of the next percentage of the local quota in the first draft call, although the men have for two weeks had notice to be ready for departure. The local boards throughout the state received notice today to send the colored contingent of the draft quota to Camp Lee next Saturday. In this part of the state 2 will leave from this district, 2 from Ebensburg, 3 from Bedford and 5 from Hollidaysburg. The two that leave Barnesboro are Neal Vanderbilt Hancock and Jack Gilbert, both of Blandburg. They will leave Barnesboro Saturday afternoon, arrive at Altoona at 6:05 p. m. and arrive at Camp Lee at 7 o'clock Sunday morning. They will have a special train leaving Altoona.

The local board has received official notice to the effect that all of the 42 boys sent to camp October 3rd have been examined, passed the tests and have been accepted for service. With the apprehension recently of Tony Fontanella, all of the men so far called in this district have been accounted for, thus making a perfectly clean slate for the local district board.

Tony Fontanella was arrested at Cresson on October 10th by Constable Wright Coop of Barnesboro, upon a charge of desertion from the army. When questioned by the local board Tony made a belated claim for exemption on the ground of being an alien and supported by a certificate of citizenship (Italian) from the Royal Consular Agent of Italy located in Altoona, which certificate he secured 4 days after his certification by the local board.

It also appears that Fontanella presented a claim to the district board at Greensburg dated September 4th, 1917 asking discharge on the ground of being a coal miner. He was certified to the local board by the district board under date of September 27th.

Fontanella did not give a clear account of his movements since last called for service by the local board. However, he did not deny having received his notice. The local board recommended leniency in his case, because Fontanella is an alien, did make claim for exemption and also because the Italians in this district seem to have been badly advised as to their duties under the draft law. Wright Coop took Tony to Camp Lee Friday of last week.

MARGUERITE CLARK IN HER LATEST PICTURE AT THE STRAND, ALTOONA

Little Marguerite as a daughter of a titled lady, who not having any time for girls, brought up her three girls as nearly in the manner of sons as possible. They wore boys clothing around their home village, and when Tommy, the youngest, was invited to visit some relatives in London she manages to smuggle her dress suit and silk hat. After two or three days in hateful girls' frills she rebels. Putting on her dress suit and hat, she slips out of the house, takes a cab and meets the catch of the season.

She gets back to her relatives who are shocked and send her home in a hurry. Here she enjoys herself relating her adventures to her sisters, they also have had adventures, much to the disgust of their mother, who cannot yet realize that her tomboys have grown to ladyhood. However everything turns out for the best and even the mother sees that "girls will be girls."

Monday, Tuesday, and Wednesday, October 29, 30, 31, Mae Marsh in "Polly of the Circus."
Thursday, Friday and Saturday, November 1, 2, 3, Geo. M. Cohen in "Seven Keys to Baldpate."
