### GOVERNMENT TO CONTROL PROFITS OF RETAILERS

Licensing System Going Into Effect Today Carries Provisions Giving Government Full Control of Food Prices Through Manufacturers, Wholesalers and Others—Guard Against Hoarding, Monopoly or Waste in Smallest Places of Business.

WASHINGTON, Oct. 29.—Profiteering by retail dealers in foodstuffs will be impossible after today, the food administration announced Monday, under a plan to cut off supplies to those satisfied with reasonable margins.

Manufacturers, wholesalers and other handlers of foods, whose businesses will go under license, will not be permitted to sell to distributors who seek undue profits.

"This is one of the most sweeping safeguards," the announcement said, "against high prices which will be incorporated in the licensing system, for which complete rules and regulations will be made known within a few days."

This new food administration officials believe, will give the government entire control of retail prices. Wholesalers and others who are forbidden to do so by the food administration will be denied the right to sell goods under license.

Authority for extending control to the retailers is cited in the announcement as follows:

"The small retailers of food, of whom there are several hundred thousand in the country, while exempt from the licensing provisions, are nevertheless subject to the conditions of the food control act. Every trader as well as every other handler of food, is forbidden under the law to make any unreasonable charge, hoard, to monopolize, waste or destroy food, or to conspire with anyone to restrict the production, distribution or supply, or exact excessive prices on any necessities. There are no penalties provided, but the food administration hopes that the arrangement of restricting supplies to violators of the law, will be of some effect, for the retailer will find himself unable to buy goods from any wholesaler or manufacturer."

Federal food administrators in all the states will be directed to keep a watch for violators and send to the food administration the names of retailers asking excessive prices.

"The food administration," the announcement says, "does not intend to disturb any legitimate operations and will initiate measures only against hardened and persistent violators of the law. It takes the position that the great majority of food sellers, retail as well as wholesale, are patriotic and honest, and are making every effort to comply with good business principles and sell to the consumer at the lowest prices. Such dealers will be in fact protected from illegitimate competition. Those few who persist in abusing their opportunities and continue to take advantage of the emergency caused by the war will receive attention."

## THREE OF SAME FAMILY EASED FROM PAIN

Daughter, Son and Mother In Same Family Relieved of Three Distinct Ailments

READ WHAT FATHER SAYS

In writing the praises of The Modern Remedy, Mr. Homer Robinson of Hollidaysburg, Pa., says:

"My little girl five years old was afflicted with a bump on the under part of her jaw, or on the gland in her neck, about the size of a hickory nut.

It became very hard and would cause the child such intense pain that she could not eat without crying out with agony. Four or five applications of 20th CENTURY LINIMENT relieved the enlargement and all trouble has now disappeared.

"My son of 12 years had a severe sore throat one night and could scarcely speak. I applied 20th CENTURY LINIMENT to his throat in a thorough manner, wrapped some cloth around his neck and put him to bed. When he awoke in the morning I was surprised and delighted to find his sore throat gone and the boy as well as ever.

"My wife is now using this wonderful remedy on a large goitre with very satisfying results.

"I consider this in truth a Twentieth Century preparation and would not be without it in my home for many times its cost."

Get this Modern Remedy at all stores where such things are sold 50c and \$1.00.

**GREAT MUSICAL EVENT**  
Queen's Hall Concert Organist Here

Gatty Sellars, the world-famed English organist of the Queen's Hall, London, England, concerts and the Crystal Palace Musical Festival, is to play here Wednesday evening, November 7th, at the Presbyterian Church. Cathedral Chimes from the Queen's Hall, London, will be used with the organ. Items include the British Patrol, representing the approach, passing by and the gradual disappearance of a British patrol, and the Storm at Sea. In the patrol the tramp of soldiers, the drums, trumpets and military effects are clearly portrayed. The world's press are unanimous in declaring this organist to be pre-eminent in such descriptive music as the Storm, in which rain, wind, thunder

and lightning effects are obtained. One English paper states that Mr. Sellars in this piece obtains the most remarkable effects ever heard on an organ. He completed a World's Record of 500 recitals, given in direct succession on the largest organs of Canada and the United States, on the former tour. The largest audiences in the history of many of the largest cities visited have assembled. Comment frequently made on the ease with which Mr. Sellars adapts himself to strange instruments at times he never sees the organ until commencing his recital. He usually plays entirely from memory, sometimes extemporizing on themes requested by his audience. A crowded church is therefore anticipated Wednesday, November 7th at the popular admission of fifty cents. Tickets can be procured either from canvassers or at the Tozer Jewelry Co. Store.

### UNCLE SAM NEEDS 10,000 STENOGRAPHERS AND TYPEWRITERS AT ONCE

Now that Uncle Sam has the young men of the country in training for military service, he finds that he needs 10,000 typewriter operators and stenographers and typewriters, both men and women, for the Departments at Washington. The Civil Service Commission has notified all of its 3,000 boards of examiners that they should put forth their best efforts to secure these urgently needed workers. While examinations are now held weekly in 450 cities, the Commission states that arrangements will be made to have an examination held at any accessible place where a small class of applicants can be secured. The entrance salaries range from \$1,000 to \$1,200 a year. Promotion is reasonably rapid to those whose services prove satisfactory. No appointment can be made to these or other positions in the Federal classified civil service unless authorized by the Civil Service Commission under the civil service law. Any information to the contrary is unauthorized. This is a splendid opportunity to serve your country. Full information may be secured from the secretary of the board of civil service examiners at the post office in your city.
