CASE OF TOMPKINS UP DECEMBER TERM

EBENSBURG, Nov. 5.—George C. Tompkins, Jr., self-confessed murderer of Edmund I. Humphries, Sr., the latter's wife, Mrs. Caroline Peter Humphries, and their son, Edmund I. Humphries, Jr., on the state highway between Ebensburg and Carrolltown last July, will be tried before a Cambria county jury in December. Attorneys for the defendant will fight the case on the grounds of insanity. The defense has retained the law firms of Evans & Evans and McCann & McCann. That the issue will be fought to the extreme possibilities of the law, is already conceded.

Tompkins' attorneys are convinced that their client is insane beyond any peradventure of doubt. It has been learned that the prisoner suffered a violent attack of typhoid fever about 10 years ago and it is declared that he has never been the same since that time. Inability to concentrate his attention upon the work in his charge while in the employ of the Thornton-Fuller company in Philadelphia, it is claimed, resulted in his discharge from that establishment. Persons intimately acquainted with the man say that he has acted queerly for some years past.

That the case will occupy considerable time is believed by representatives of the commonwealth as well as by Tompkins' attorneys. The testimony of alienists will figure largely in the trial.

Tompkins' case will be called some time during the second week of court in December. He has been proving himself a model prisoner for months past. He spends considerable time reading, but shows violent nervousness when anyone approaches his cell. Those who have spoken to the prisoner say he shows little inclination

for conversation and when he does talk, is not very coherent. No further references concerning the crime have ever been made by him since his confession, which he later attempted to repudiate in an incoherent way, alleging that the senior Humphries had shot the woman and the boy and that he (Tompkins) had then killed Humphries.

CAMBRIA COUNTY GETS STATE ROAD CONTRACTS

HARRISBURG — State Highway Commissioner J. Denny O'Neil has awarded two more contracts, which call for the construction of 20,948 feet of roadway in Cambria County. E. E. Brau, of Hollidaysburg, Pa., secured the contract for the improvement of State Highway Route 52—Section 4-C, the specifications for which require 9,878 feet of vitrified block construction, sixteen feet wide. This section of road begins at Westley Chapel and extends through East Taylor Township. The price will be \$78,855.43, which was the low bid.

The other award went to John L. Elder, of Ebensburg, Pa., at his low bid price of \$95,881.60. This proposed improvement is also State Highway Route 52 and is designated as Section 4-B. The specifications call for 11,070 feet of vitrified block construction, sixteen feet wide. This roadway runs through Jackson and East Taylor Townships.

This is the fifteenth road contract let by Commissioner O'Neil since he assumed office on September 6, 1917.

FIGHT AT LILLY ENDS IN MURDER

Joseph Palone Shot and Killed; Joseph Sista, Alleged Murderer, Was Stabbed

LILLY, Nov. 5.—Joseph Palone, of this place, an Italian, was shot and killed by a fellow-countryman about 10 o'clock last evening at a local Italian clubroom as a result of a fight. Joseph Sista, aged about 37 years, the alleged murderer, made his escape following the shooting and the police authorities have been unable to locate him. Chief of Police David George, of this place, was not notified of the murder until about one hour and a half later. He immediately notified County Detective Roscoe C. Custer, of Conemaugh, who came here and made an investigation of the shooting.

It is said that while Sista was closing up the Italian clubroom, where he was in charge, Palone objected to being put out and started to fight. He pulled out a long knife and stabbed Sista close to the heart. Palone had drawn back his knife in an attempt to stab Sista the second time when the wounded man drew a revolver from his pocket and shot Palone. The bullet went through his head and he died instantly.

Following the shooting Sista directed a number of fellow-countrymen to go and notify the police authorities. In the meanwhile he went to have his wound dressed, as he was bleeding profusely. He returned within a short time and, seeing Palone was dead, went to his boarding house. The alleged murderer changed his coat and made his escape.

Sista is 5 feet 6 inches tall, smooth face, brown eyes and black hair. Corner C. A. Fitzgerald, of South Fork, was notified of the murder and conducted an autopsy today.

Then It Happened.

"Do you know why they always place such large and heavy monuments over the graves of great men?" asked the Rummy, as he placed his glass on the bar.

"No," replied the Barkeep, as he reached for the bungstarter. "Why is it they do?"

"Because it is hard to keep a good man down," said the Rummy, as he headed for the door.

"I AM A GENUINE BOOSTER," SAYS OFFICER HENRY

Well-Known Erie Policeman Pays Tanlac Fine Tribute

William R. Henry, the well-known Erie policeman, who resides at 420 German street, Erie, Pa., made the following interesting statement recently regarding the benefits he had received from Tanlac, the new combatant, tonic, appetizer and invigorant that is now accomplishing such remarkable results in this city. Mr. Henry said:

"My stomach was out of order and I did not feel refreshed from my sleep.

"After taking Tanlac for about two weeks my stomach is now in good shape. My appetite and digestion are perfect, and I can eat anything. My sleep is fine. You can say for me that Tanlac is one good medicine, and that I am a booster for Tanlac."

There is not a single portion of the body not benefited by the healthful work of Tanlac, which begins its action by stimulating the digestive and assimilative organs, thereby enriching the blood and invigorating the whole body.

Tanlac enables the stomach to thoroughly digest its food, thereby permitting the assimilable products to be converted into blood, bone and muscle.

Tanlac is being sold here at the GUNN DRUG STORE.
