### WORK OF THE RED CROSS

As usual, this has been a strenuous week at the headquarters of the Patton Branch of the Red Cross. Very much more having been accomplished than ever before, owing to the increased attendance.

Johnstown has asked us to estimate about how many finished articles we can send them, both in knitting and sewing. It would be very gratifying to the executive committees and their chairmen if we could send several hundred for the December shipment, which we can easily do if the attendance increases as it has the past two weeks.

Mrs. Mertens, with her aids, has handed in fourteen pairs of most beautifully and perfectly knit socks.

Two sweaters have been finished one by Miss Jean Mitchell and the other by Mrs. Knierrmann, both perfectly made.
