

### Willard Service is More than Battery Service

Our business is more than repairing and selling batteries. It is maintaining a continuous personal interest in retaining your battery. Helping in every way we can to assure you of reliable starting, lighting and ignition.

We show you how to take care of your battery and help you do it. This keeps it on the job, and the battery keeps your car on the job. When repairs or recharging must

be done, we do them as only experts can do them, and provide you with a rental battery so that your car is not laid up.

When at last you need a new battery, we can supply you with the latest and best Willard product—the Still Better Willard with Threaded Rubber Insulation.

This is more than battery service—it's insurance of car-use.

## To Subscribers:

It is impossible for us to make personal calls upon the hundreds of subscribers of *The Courier*. Therefore we are taking this method of asking you to see that your subscription account is paid up. The figures on your address label will inform you of the date to which your subscription is paid. If this should in any case be in error, notify us at once and we will see that it is corrected. The rate of subscription is \$1.00 per year in advance.

Please do not think the payment of your small account is not important. We have hundreds of these small accounts and owing to the great advance in paper and all other printing materials, we are at a considerable expense in editing *The Courier*. Therefore kindly remit while this matter is before you.
