When his overalls caught in a mangle machine at the Keystone woolen mills, Gulf Mills, Joseph Clinton was thrown in the air and whirled about, finally being dashed against the wall. When fellow-employees reached him he was unconscious, and it was found that his right arm was broken and his head badly cut. He will recover.

**Two Hurt In Runaway.**  
When their sled skidded into a snow bank and overturned at Eldorado last Thursday, causing the horse to run away, Miss Laura K. Falkner, 50 years old, and her uncle, D. Frank Stoler, 77 years old, of Canaan Station, were thrown out, the former suffering a fractured left shoulder and the latter four broken ribs and internal injuries.

**Scrapping A Railroad.**  
Salvaging of the Youngville Sugar Grove Railroad is progressing rapidly and the road is now nearly a memory. The line was built several years ago and for a time a steam locomotive and one car was operated, but for two or three years an automobile with flanged wheels formed the motive power. The road was recently sold at auction to R. C. Thompson, who has a force of men at work tearing up the rails and ties and shipping them to Bellefonte, where they are being relaid.

**Asks U. S. To Work Mines.**  
Thomas Kennedy, president of the United Mine Workers of the Hazleton district, Friday sent a telegram to United States Attorney General A. Mitchell Palmer, suggesting that steps be taken to have the three idle collieries of the G. E. Markle Company operated by the Government, through the United States Fuel Administration, in absence of any settlement of the dispute with the Union Improvements Company, of Philadelphia, over renewal of the lease. Two thousand men have been idle since the first of the year, and President Kennedy urges that prompt action be taken to resume work.
