Buy Your Ford Car Now

To make sure of getting a Ford car, buy one now. Don't wait until Spring, but buy now while deliveries are possible. Even next month is an uncertainty.

The number of Ford cars allotted to this territory is limited and specified. Even to get our allotment, we must have real, bona-fide orders for cars. Just so many cars allotted us; just so many will get cars; will you be one of them? Those who order their cars now will be protecting themselves. If you would be forehanded, get your name on an order today.

Don't think you cannot use it if you get it now. The four seasons are all alike to the Ford car. It is a necessity every month of the year. Besides, the Ford car is lowest in upkeep cost and easiest in operation. And the new Ford electric starting and lighting system makes driving more convenient. Your order for either open or enclosed cars will have our prompt attention.

HOW STORE ADVERTISING CUTS THE COST OF LIVING.

Store advertising constitutes a news service of an indispensable kind for housewives. To the degree to which this store news is made of timely value to the people the volume of sales grows. And as sales are stimulated, and quick turnovers of stocks are made possible, lower retail prices are assured. Therefore advertising operates to reduce the cost of living, not to add to it.—Editor and Publisher.

Rescue Cattle Dealer From Bull.
E. C. Miller, a widely-known cattle dealer, of Paradise, was saved from death Thursday by persons who heard his cries for help after a big bull became enraged and attacked him. He was tossed three times by the bull, kicked about the ground. A party of rescuers armed with clubs drove off the animal, and Miller will recover.
