Buy Your Ford Car Now

To make sure of getting a Ford car, buy one now. Don't wait until Spring, but buy now while deliveries are possible. Even next month is an uncertainty.

The number of Ford cars allotted to this territory is limited and specified. Even to get our allotment, we must have real, bona-fide orders for cars. Just so many cars allotted us; just so many will get cars; will you be one of them? Those who order their cars now will be protecting themselves. If you would be forehanded, get your name on an order today.

Don't think you cannot use it if you get it now. The four seasons are all alike to the Ford car. It is a necessity every month of the year. Besides, the Ford car is lowest in upkeep cost and easiest in operation. And the new Ford electric starting and lighting system makes driving more convenient. AMOUNTS FOR ROAD WORKING

Controller's Report in Hands of Commissioners—Tax Rate For Year To Be Fixed.

County Controller Herman T. Jones annual statement of the fiscal affairs of Cambria county, upon which the commissioners will make their estimate of taxes needed this year, is in the hands of the commissioners and the annual appropriations and tax levying resolutions are expected this week. The controller's figures will show a small margin of loan credit without a vote of the people and a rapidly increasing debt, but with the county still in excellent financial condition.

The total indebtedness of the county at the end of the year, Jan. 5, was \$2,444,247.99 and the total available resources \$300,000. A courthouse bond issue for \$487,000 was sold during the year. Temporary loans were \$210,000. Expenditures for roads were \$500,328.15 and the item for bridges \$13,041.82.

The balance on hand in the county treasury Jan. 5, 1916, was \$79,967.52 and receipts during the year were \$1,169,470.52, a total of \$1,249,438.04 in cash resources. Of this total there was expended by warrants the sum of \$1,222,779.78, leaving a balance of less than \$27,000.

Amounts paid out on the courthouse wings to the end of the year are \$257,160.60 of which between \$60,000 and \$70,000 was expended in 1915. Proceeds from the courthouse bond issue and interest amounted to \$525,178.77.

Taxes received in 1915 amounted to \$451,345.34 on a rate of 3 1-2 mills. On the same valuations and at the same rate of collection, a 5-mill tax, which is being considered for this year, will yield about \$650,000. Controller Jones declined to discuss in detail the 1920 budget as recommended by him.
