NEW POLICY IN-SURANC CONTRA-CTS FOR SOLDIERS

Insured Have Three Optional Settlements Under New Plan.

Colonel R. G. Cholmley-Jones, Director of War Risk Insurance, makes the following announcement regarding the policy contracts to be issued under the United States Government Life Insurance Policy (converted insurance) to which the War Risk Term Insurance may be converted:

Among the principal features included in the U. S. Government Life Insurance contracts, which have been approved by Secretary of the Treasury, D. P. Houston, are:

First, that insured has three optional settlements:

Option 1. Insurance payable in one sum. Settlement under this option will be made only when selected by the insured during his lifetime or by his last will and testament.

Option 2. Insurance payable in elected installments. The monthly installments are payable for an agreed number of months (not less than thirty-six) to the designated beneficiary but if such beneficiary dies before the agreed number of monthly installments have been paid, the remaining unpaid monthly installments will be payable in accordance with the beneficiary provisions of the policy.

Option 3. Insurance payable in installments throughout the life-time of the designated beneficiary if they so elect, but if such designated beneficiary dies before two hundred and forty such installments have been paid, the remaining unpaid monthly installments will be payable in accordance with the beneficiary provisions of the policy.

Total and Permanent Disability Benefits. Second, the policies provide for total and permanent disability benefits to the insured covering the entire period the policy is in force, and during the period of the insured's total and permanent disability. The total and permanent disability feature is also included in the paid-up and extended features of the policy contract.

Total permanent disability as referred to in the policy contract is any impairment of mind or body which continuously renders it impossible for the disabled person to follow any substantially gainful occupation and which is founded upon conditions which render it reasonably certain that it will continue throughout the life of the person suffering from it.

There are six plans of United States Government Life Insurance (converted insurance). (1) Ordinary Life, (2) Twenty-payment Life, (3) Thirty-payment Life, (4) Twenty-year Endowment, (5) Thirty Year

Endowment, and Endowment maturing at age 62. The policies include participation in dividends, incontestability, freedom from restrictions as to travel, residence, occupation, etc., cash surrender and loan values, liberal reinstatement provisions and other features which make the insurance of unusual value.

The policies themselves are now being printed and will be issued to all those who have availed themselves of their privilege to convert the war-time term insurance into the new forms of U. S. Government Life Insurance policies.

If War Risk (term) insurance has lapsed or been cancelled, it is necessary to reinstate it before or at the time of conversion into one of the new forms of U. S. Government Life Insurance policies.

If War Risk (term) insurance has lapsed or been cancelled, it is necessary to reinstate it before or at the time of conversion into one of the new policies. Under a special ruling, no matter how long a service man has been discharged or how long his insurance has been lapsed or cancelled, he may reinstate his War Risk (term) insurance any time before July 1, 1920, or within eighteen months after his discharge, if that be a later date, by the payment of only two monthly premiums on the amount of insurance to be reinstated, and a satisfactory statement of health with his application.

BURNS PROVE FATAL TO A CAMBRIA CITY CHILD.

John Kaminsky, four-year-old son of Mr. and Mrs. Andrew Kaminsky, of Cambria City, died at Memorial hospital Friday night, the result of burns which he sustained when his clothing became ignited while he was playing with matches. The child's mother was shopping when the accident happened.

Talk about "carrying coals to Newcastle," the Dublin Zoo is exporting lions to Africa.

EX-SOLDIERS NEGLECTED. Washington, D. C.—Unless Congress makes an immediate appropriation of \$11,000,000 for the Public Health service, 72,000 mentally deranged former soldiers will be without care and treatment, the American Legion's Legislative Committee declared in a statement urging quick action.

The service now is treating approximately 4,000 of these cases, half of which are in leased institutions, the statement said. In some instances it was charged that the men were "herded with the criminal insane."

"Unless Congress makes provision for their care," the committee also said, "approximately 50,000 men suffering from tuberculosis will not have the care and consideration they should receive from a grateful nation for whom they fought."

LEAVES ESTATE TO WIDOW. Mrs. Nan M. Denlinger, wife of W. H. Denlinger, who passed away at Patton last week, is bequeathed the bulk of his estate in his will, admitted to probate at Ebensburg. The bequest includes all his personal property and real estate. To each of his sons—William H. Jr., and James McLaughlin—and to his daughter Anna Mary Denlinger, he bequeathed the sum of \$100. The sum of \$100 is also given to his sister, Elmira C. Buskirk, of Pittsburgh.

STANDARD TIME AT SEA. Washington, D. C.—Ships of the American navy will keep their clocks at standard time while at sea, as determined by the 24 standard-time zones into which the surface of the globe is divided, under a general order announced by the Navy Department. Hitherto while at sea a ship's time was adjusted according to the position at noon each day. The British, French and Italian navies already have adopted the new method.

The ex-kaiser is said to have worn out six pairs of pants since he began wood-sawing. But how can he saw wood sitting down?

Spring Time Is "Wedding Time"

And "Wedding Time" Means SILVERWARE

There is nothing more appropriate or pleasing to the bride than a gift of Silver, especially when it is

"Community Silver"

The Silverware that is guaranteed to wear 50 years. If you wish a small individual gift, or if you desire a complete mahogany chest, we have it for immediate delivery.

For the Bride—

"An Elgin!"

TIME takes on new significance when a girl enters on the direction of a household of her own.

Of all the appropriate wedding, graduation and birthday gifts in our stock of fine jewelry, none will pay richer dividends of grateful remembrance through the years than a selection from our ELGIN WATCHES. They truly deserve the name they have earned for themselves — "Gifts that last a lifetime!"
