

THE U. S. NOBBY TREAD

Where the going is specially heavy with snow, mud or sand, in Italy, country where maximum traction is required, a factor for other tires not yet devised is quite so effective, or so widely approved by motoring opinion, as the U. S. Nobby Tread.

Of its very simplicity—three rows of diagonal knobs, gripping the road—is the result of all the years of U. S. Rubber experience with every type of road the world over.

If every one listened to experience, how much they'd save

STOP and talk to the next man you see with U. S. Tires on his car. Ask him why.

Most likely you'll hear an interesting story about his tire experiments—before the answer was found. Money wasted. Promises unkept. Trouble on the road—humorous to every one except the man who went through it.

Finally U. S. Tires. And U. S. Tires ever since.

Perhaps it's the experience of U. S. Tire buyers that makes them more emphatic in their preference than ever this year.

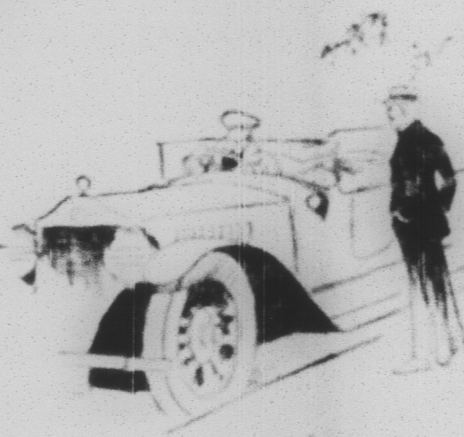

When these men have tried most

everything by the way of "staggering bargains", "hurrah discounts", "discounted lines at less" and so forth they know what not to get.

They want a fresh, live tire. With a good reputation. That's everything it says it is. With the people behind it who back it up.

There are 92 U. S. Factory Branches. Your local U. S. Dealer is drawing upon them continually to keep his stocks sized up, complete—to give you service. Whenever he gets one or a hundred tires from a U. S. Factory Branch, they are newly made this season's tires.

Sold to you at a net price. Full values. Square-dealing. A reputable make. A reputable dealer. The whole transaction as befits the leadership of the oldest and largest rubber organization in the world.

Stop and talk to the next man you see with U. S. Tires on his car.

For Sheriff!

JIM LAMONT

REPUBLICAN

May I ask your vote, your support, your influence?

THANKS!

Simpson's Music Studio, Fifth Avenue, Patton, Pa. Instructions in Piano, Harmonium, Theory. Also violin and other string instruments. Piano and organ tuning and repairing. H. & C. Phone 510-6000.

Due to the fact that 5000 applications were received in the state, of which but 700 could be accepted, for the Citizens Military Training Camp at Camp Meade, Md., some of the dozen applicants from Patton will get to go. To say that the young men are disappointed would be but a mild statement.

J. B. Overberger attended the funeral of Miss Myrtle Hoover in Carrolltown last Tuesday morning.

"Jack" Dinmore was the guest of relatives in Pottsville on the latter part of the week.

Myron Yeager, formerly of this place, but now of Altoona, was a Sunday caller among friends in Patton.

Russell Sahn, of Mahaffey, was the guest of Patton friends over Sunday.

Jack Stewart, of Curwensville, formerly manager of the A. and P. store here, spent several days this week renewing acquaintances here.

Byron Bearer, of Johnstown, son of Mr. and Mrs. M. D. Bearer, spent Monday in this vicinity.

Miss Emily Mauron of Harrisburg, was the guest several days this week of her brothers, Fred and Leo Maurer.

James Monteith, of Cresson, spent last Friday at the home of his mother, Mrs. Alex Monteith, of town.

The cool weather of the early part of the week put a damper on the bathing at the pool, but it is reasonable to assume that there will yet be many days this season when this sport can be enjoyed.

George M. Kane, of Patton, has announced his candidacy for

the Democratic nomination for Jury Commissioner. Mr. Kane is well known in this section of the county and as the nomination for this office is equivalent to election, Patton Democrats should support him to a man. We are surely entitled to at least one county official from Patton. Each party nominates one of the two jury commissioners to be chosen.

Mr. George Clark of Hastings spent Sunday with Mr. W. H. Denlinger, Jr. and wife at their home in Patton.

Miss Myrtle Snyder formerly a teacher of the Patton High School will spend some time with her friends in town.

Miss Margaret Monteith of this place will spend this week with her sister, Mrs. Ray E. Brown, of Barnesboro.

Patton Personals

Send Us Every Item of News You Know and Help Swell This Department. Every Article Helps

The cold rains from the east during the early part of the week left a souvenir to many in the shape of a summer cold. Garfield Wilkins, proprietor of the Palmer House, has been making many improvements to the hotelery since he purchased it some months ago. The old laundry building in the rear was recently razed and an addition fronting on Fifth Avenue is now under course of construction. When completed this addition will be fitted into an ice cream parlor and will also afford a direct entrance to the dining room from Fifth Avenue. Other improvement about the interior of the hotel are also contemplated.

Since the starting last week regarding trespassing on the railroad, near Patton's new swimming pool, but few vehicles have been noticed. But the practice must cease entirely if we are to keep the pool.

The Patton Fire Company has secured permission from local Council to sell the Perrier Fire truck now in use. This truck will be replaced by a modern one. A three-wheeled truck belonging to the Clay Works overturned on Fifth Avenue early Tuesday morning. The driver was unharmed and the machine remained undamaged.

The grounds about the First Ward school building present a pleasing appearance these days. Well kept lawns and beautiful flower beds portray a sense of civic pride on the part of the school authorities. Patton folks in general show a disposition to beautify their premises.
