## Become a Partner as well as a Subscriber

Not ten or a hundred or ten hundred people own the business, but a hundred and eighty-three thousand men and women, from all over the country, who have invested in one of the great American industries which bases its stability on that of the nation itself and the millions who, like you, use its service daily.

Shares of American Telephone & Telegraph Co. stock have recently been selling around \$118.

It may be bought by anyone through any bank or broker, or through any responsible broker on the Philadelphia, New York, Chicago, Boston or Washington Stock Exchange.

## An attractive investment for conservative people

The Company has 40 years of dividend history of never less than 7 1/2 per cent.

The earnings of the business are remarkably steady through periods of bad general business conditions as well as good.

Assets are far in excess of capital and liabilities.

There is character and enterprise in the management of the business.

There is public confidence in its fair dealing.

One share will, at the present dividend rate, pay you a return of \$9.00 a year. The dividends of one share will pay your telephone bill.

We shall be glad to furnish further information if you so desire.

## Buy outright through your Bank or Broker, or on the Partial-payment Plan

Banks do not recommend any particular stock. They desire, however, to encourage systematic saving and careful investing, and most of them afford the service and facilities of their loan departments to customers who desire to purchase reliable securities on the partial-payment plan. The usual arrangement is to make an advance payment of approximately one-fifth of the purchase price, and pay off the balance gradually. The dividends on the stock will more than pay the interest on the loan. It is a fine way to save — to make a start as an investor, as a partner in a conservative, reliable, established business.

Hudson's new price greatly simplifies the question of what car to buy.

You naturally include in it that small group of cars which all acknowledge as truly great products.

But do you compare its price with theirs? That makes the real contrast of value. Even those whose preference may incline to some other car, it presents the fair question whether the difference is worth the big difference in price.

That explains why thousands of Hudson owners contend that costlier cars than Hudson are not justified by value. Not that they necessarily find Hudson to be the greatest car built, but they find no value elsewhere commensurate with the difference in price. It is a view confirmed by Hudson's six years' leadership of fine cars, the well-weighted verdict of more than 25,000 owners.

And Hudson's new price now brings its greater worth within reach of thousands who heretofore have owned only mediocre cars.

If you are thinking of buying a car above \$1000 in price you should surely come see the Hudson Super-Six and allow us to give you a demonstration.

## NEWSY NOTES PERTAINING TO THE AMERICAN LEGION

Moneys received by the United States from foreign countries in payment of debts would go to ex-soldiers under a bill introduced in the House. This measure supplements the American Legion's adjusted compensation bill.

The 43,262 good deeds to unfortunate buddies performed by the American Legion posts of Minnesota in 1921, cost \$75,000. The list does not include 21,000 cases wherein hospital treatment, back pay, vocational training, and compensation were secured for disabled men.

Ex-soldiers who have lost their discharge papers will be able to obtain duplicates from the Secretary of War under a bill introduced into Congress at the request of the American Legion.

Slackers and draft dodgers will not escape punishment through the operation of the statute of limitations if the House passes a bill to continue the military status of deserters. The American Legion, supporting the measure, urges unrelenting Federal warfare against slackers.

States which pay adjusted compensation to their ex-service men now include: Minnesota, Maine, Michigan, Massachusetts, Missouri, New Jersey, New Hampshire, North Dakota, Ohio, Oregon, Rhode Island, South Dakota, Vermont, Wisconsin and Washington, according to John Thomas Taylor, vice-chairman of the American Legion's legislative committee.

Gun play between the chamber of commerce and the American Legion post at Akron, Colorado, resulted in the death of 938 rabbits, which were distributed to needy families in Denver. The shooting match benefited farmers, who have been greatly troubled with rabbits.

Legionnaires throughout the country have been invited to join the second annual ascent of Mount Hood by the American Legion post at Hood River, Oregon. The eleven-thousand-foot climb will be made by the party during the summer, in commemoration of a custom started by last year's expedition.
