VICTORIES OF PEACE EQUAL THOSE OF WAR

Whether the task is the construction of a colossal harbor improvement project, or the administration of a newly acquired insular possession, the Department of War is always prepared to bring to the task a high degree of skill and masterful judgment. How "peace hath her victories no less renowned than war," for the military department of the nation is interestingly described and illustrated in one of its instructive series of articles on Our Government now being distributed exclusively by this Institution. We shall be pleased to see that you receive the complete series, if you will send us your name and address.

For Ten Dollars and Ninety Cents—This 30 x 3 1/2 Usco

THE 30 x 3 1/2 tire situation today is just this—The man who buys an USCO at \$10.90 is justified in believing that his money is going further in tire value than it ever has gone or could go before. Naturally he appreciates the quality of USCO. That was established long ago. It is still fresh in his mind that USCO led the national market into the \$10.90 price range.

The makers of U.S. Tires always intended the 30 x 3 1/2 USCO to be the highest value in its field. At \$10.90 it creates a new classification of money's worth.
