

The new Goodyear Cross-Rib Tread Cord

A Remarkable New Cord Tire at a Popular Price

Here is a big, sturdy, long-wearing new tire built to satisfy the buyer on every point of mileage, quality and price.

It is designed especially for the man who wants the essential advantages of cord tire performance at the lowest possible price.

It is designed to offer the buyer a quality product at a price even lower than he has formerly paid for a "long discount" tire. It has a different tread from the famous Goodyear All-Weather Tread Cord—a new tread with a deep, clean-cut, cog-like pattern—and its selling price is substantially less.

This new tire is the Goodyear Cross-Rib Tread Cord.

Like the All-Weather Tread Cord it is liberally oversize in all straight-side sizes, the

4 1/2-inch tire, for example, actually measuring nearly 5 inches

Like the All-Weather Tread Cord, its foundation is genuine high-grade long-staple cotton

Like the All-Weather Tread Cord, it embodies the efficient group-ply construction, a Goodyear patent.

Like the All-Weather Tread Cord it is the product of an experienced company which has a world-wide reputation to safeguard.

Look at the prices of the new Goodyear Cross-Rib Tread Cord, listed below.

Compare these prices with net prices you are asked to pay for "long-discount" tires of unknown reputation and value.

Why take a chance on such tires?—you know—it doesn't pay.

Compare these prices with NET prices you are asked to pay for "long discount" tires

30x3 1/2 Clincher	\$12.50	31x4 Straight Side	\$22.20	34x4 Straight Side	\$25.90	34x4 1/2 Straight Side	\$32.50
30x3 1/2 Straight Side	\$13.50	32x4 Straight Side	\$24.50	32x4 1/2 Straight Side	\$31.45	33x5 Straight Side	\$39.10
32x3 1/2 Straight Side	\$19.25	33x4 Straight Side	\$25.25	33x4 1/2 Straight Side	\$32.15	35x7 Straight Side	\$41.00

These prices include manufacturer's excise tax

Goodyear Cross-Rib Tread Cord Tires are also made in 6, 7 and 8 inch sizes for trucks

STATE NEWS

Scraper—Judge Newcomb in local court has handed down an order restraining the D. L. & W. strikers from picketing shops or interfering with the company's business.

Carrolltown—A loss of \$5,000 was caused Friday night when fire destroyed the building occupied by East Street, Automobile Dealer. Fifteen automobiles, some of them new, were destroyed in the fire. Several firemen had serious scrapes from injury in fighting the blaze.

Harrisburg—There are now approximately 15,000 empty cans in the streets, ready for service. Officials of the city are standing singly in the streets and making "barrage" of the Lehigh Valley Railroad.

Charlottesville—Postmaster W. E. Tolson, who has held the post office building for three years, has won the

recognition to Washington, saying life as a Postmaster at \$3000 per year with a small force and inadequate quarters is not worth the living. He contemplates going into business for himself.

Pottsville—The appointment of a county naturalization officer, as provided by the act of Assembly two years ago, is unconstitutional, Judge Hook declared in a recent decision. Other courts have also refused to sanction the appointment of these officers, one Court holding that the schools are adequate for the teaching of Americanism in the State. The act applied to a special class of persons and was therefore class legislation which is unlawful in this State.

Beaver—Bernard Kramer, editor of the Beaver "Argus" was arrested following the filing of suits charging libel by Chief of County Detectives Daniel M. Baker, Assistant County Detective W. C. Candler and Deputy Constable R. Frank Kidd. Six suits

were for damages exceeding \$30,000. Bond was fixed for \$15,000. The claims are similar. It is alleged in the suits that three libelous articles appeared in the "Argus" on June 16, July 7 and July 23, last. In each of these articles, it is claimed, the defendant "falsely," maliciously, wickedly and illegally published illegal, defamatory and malicious writing and libel."

Charles—Mrs. Emory Gathers 50 years old, was killed by lightning at her home, eight miles south of here, Thursday night. She had just returned from milking and was in the cellar running the separator when the lightning struck the telephone line, was conducted to the house and to the cellar over the wet concrete floor.

Williamsport—The Susquehanna River is at an unusually low stage, rains of the last month having had little perceptible effect upon the stream, and there are many places where it is impossible to use a boat. Many canoe owners who store their craft in the spring of beachhouses near the Market street bridge find their craft a long way from the landing shore line. In many instances owners have dug channels from their houses to the river to get their boats into the stream. In some cases these channels are 50 feet in length.

Mount Carmel—Police of the State have been asked by District Clerk, to assist in locating his 15-year-old son, Michael J., missing from his home since July 21.

Wellsville—Alonso Culver, of Wellsville, was killed near here Thursday night. His body was found under his automobile at the foot of an embankment.

Washington—Charged with cruelly beating Joseph Krutsky, a striking miner at the Dumbo mine, last Friday three state troopers and three coal and iron police were held for court today by Justice of the Peace Pirschall. Krutsky, when police charged with striking from the hills overlooking the Dumbo mine, was alleged to have been beaten on the back following his arrest. The effects of the beating was said to be plainly visible.

Butler—The vocational school building at West Seneca Borough, about 10 miles south of here, was

burned to the ground Friday. The fire is believed to have been of incendiary origin. The building was valued at \$20,000. The loss includes a blacksmith shop attached to the school and all of its vocational equipment.

Butler—Joe Vercola, formerly of Butler, was arrested at Brownsville and brought to Harrisburg under a technical charge of kidnapping. Vercola, according to the authorities, entered Hoshel 14 years old, in Brownsville, when he got his employment in a mill. The charge was made by the boy's father who brought him to his home.

Pittston—Two lookout towers will be established by the State Department in northeastern Pennsylvania this month. One tower will be stationed on the highest mountain near Pottsville, Wayne County, the other on the mountains outside of West Seneca.

Wilkes-Barre—A strike of railroad shopmen who refused to join the union is being held here every day. More than a dozen strikers have been hung in complete defiance of the law.

Wilkes-Barre—A severe blizzard, due to excessive moisture and intensive heat, has been reported in Wyoming Valley. Experts say that the blizzard will be rapid and that it will be accompanied without a great deal of snow.

Moorestown—Construction of a giant dam, also miles long, is under way. The dam will sit at a reservoir for 1,000,000 gallons of spring water. The source in hundreds of springs over an area of 15 square miles. The dam will be approximately 100 feet high and will cost \$1,000,000.

KILLS RATS

and mice—that's RAT-SNAP, the old reliable rodent destroyer. Comes in cakes—no mixing with other food. Your money back if it fails.

35¢ size (1 cake) enough for Pantry, Kitchen or Cellar.

65¢ size (2 cakes) for Chicken House, coops, or small buildings.

\$1.25 size (5 cakes) enough for all farms and out-buildings, storage buildings, or factory buildings.

Sold and guaranteed by C. J. CORDELL'S HARDWARE MINERS' CO-OPERATIVE STORE

feet. It will be 1,400 feet long and 20 feet wide at the top. Gates in the dam will be constructed so that no matter how great the freshet no water will go over the top.

Harrisburg—August 1 reports to the State Department of Agriculture statistical bureau are showing chances favorable to a yield of apples in the orchards of Allegheny County about 50 to 60 per cent. of the normal and of probably less in regard to peaches. Beaver county, which is rapidly developing as a western tier fruit raising section, will have about the same while Washington will not be so favorable. Both Allegheny and Beaver counties have made rapid strides in fruit cultivation in the last few years and Allegheny county now contains more peach trees of bearing age than either Franklin or Adams counties, two of the big peach growing counties of the state. Allegheny and Beaver have also over 100,000 apple trees either commencing to bear this year or expected to do so next summer.
